Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

ISSUED WEEKLY

VOLUME 95

July 1 to December 31, 1925

McGRAW-HILL COMPANY, INC.
TENTH AVENUE AT 36TH STREET
NEW YORK

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 95—July 1 to December 31, 1925

	Pages
July 2	1 to 44
July 9	45 to 84
July 16	85 to 124
July 23	125 to 164
July 30	165 to 204
Aug. 6	205 to 248
Aug. 13	249 to 288
Aug. 20	289 to 328
Aug. 27	329 to 368
Sept. 3	369 to 412
Sept. 10	413 to 452
Sept. 17	453 to 492
Sept. 24	493 to 532
Oct. 1	533 to 576
Oct. 8	577 to 616
Oct. 15	617 to 658
Oct. 22	659 to 698
Oct. 29	699 to 738
Nov. 5	739 to 782
Nov. 12	783 to 822
Nov. 19	823 to 860
Nov. 26	861 to 898
Dec. 3	899 to 940
Dec. 10	941 to 978
Dec. 17	979 to 1016
Dec. 24	1017 to 1054
Dec. 31	1055 to 1094

A

Academy of Political Science discusses trade associations, at annual meeting n772

ACCIDENTS

Auto-accident credit e1017
Building accidents continue e1018
Four reported in one issue e45
Imhoff tank unit, Fort Worth, Texas, breaks in sloping bottoms. J. B. Hawley *54
Discussion. T. R. Camp and C. P. Lewis l*482
Lake Fordyce dam, slip on new work on earthfill dam kills three n444
Norman, M. E., sinking of:
Army engineer board report ...e371, *387
Norcross, Paul, and Bowser, E. H., bodies found n116
Santa Barbara earthquake. (See Santa Barbara.)
Shenandoah, U. S. navy dirigible destroyed by storm over Ohio ...e415, *437
Duralumin, deterioration possible cause e862
Bureau of Standards tests of duralumin, testimony of L. B. Tuckerman e979, a1000
Engineering News-Record editorial in error. E. R. Gayler l1006
Navy Department board appointed to investigate disaster n486
Navy Department's apparent recklessness—still no explanation e659
Over-confidence or worse e535
Water main breaks at congested corner of Fifth Avenue, New York City *463
Advisory Board on Highway Research:
Annual convention at Washington, definite objectives developed 960
Proceedings, since organization, summarized 54
Report on value of reinforcement in concrete roads n282
Stemberg, Prof. S. F., secretary in charge earth road investigation n117

AERONAUTICS

Bridge engineer uses airplane for inspection trip, California j*27
Landing fields, notes on construction. A. Black *514
All-Western Road Show, San Francisco, to be staged in five large tents n528

AMERICAN ASSOCIATION OF ENGINEERS

Aimert, H., resigns as manager and secretary n399
Chicago contest between brick and hollow tile interests, compliment paid to A.A.E. e3, W. Artingstall ..... l 113
Developments in regard to dues, membership grades, employment survey, ethics n485
Municipal engineers planning new association n1045
American Association of Port Authorities: Meeting in New York n157, n562

AMERICAN ASSOCIATION OF STATE HIGHWAY OFFICIALS

Annual meeting, discussion of national road development 882, n892
American Construction Council:
Annual convention, building problems reviewed n649, n889

AMERICAN ENGINEERING COUNCIL

Colorado Engineering Council will aid city of Denver in an advisory way ..n444
Study of regulation of utilities, government reorganization and civil aviation, planned n851
Traffic problem study planned n649
American Engineering Standards Committee:
River water power rating method to be developed n196
American Institute of Steel Construction meeting, discussion of larger markets and better methods for structural steel 844
American Public Health Association:
Annual meeting at St. Louis e699, n729
Refuse incinerator design and operation, principles discussed by Sanitary Engineering section, A.P.H.A. e739, a764
Correction 923
American Railway Bridge and Building Association:
Annual meeting, program pronounced...n525
Annual meeting at Buffalo n732, a807, n814

AMERICAN ROAD BUILDERS' ASSOCIATION

Convention date announced n200
Executive of association invited to Quebec n360
Nominations for officers for 1926 ....n692
Program of meeting n1009
Speakers, announcements n891
Technical meetings should be better attended and have better programs e942

AMERICAN SOCIETY FOR MUNICIPAL IMPROVEMENTS

Meeting and program at Des Moines announced n563
Annual meeting n767
City planning, pavements, sewage discussed at annual meeting. L. R. Howson, E. A. Fisher, C. A. Taubert, H Bartholomew, H. E. Breed W. L. Benham a802

AMERICAN SOCIETY FOR TESTING MATERIALS

Annual meeting e3, 4
Committees meet in Cleveland n650
Concrete Section abstracts. H. S. Mattimore, H. F. Gonnerman, A. T. Goldbeck, and D. A. Abrams a64
Corrosion of metals: test methods and results, abstracts. E. Blough and F. F. Fowle a*185
Endurance, high-heat strength, and long loading tests discussed at annual meeting at Atlantic City a*308
Fulweiler, W. H., elected president ...n*30
Specifications for materials, progress reported at committee meetings in Cleveland 869

AMERICAN SOCIETY OF CIVIL ENGINEERS

Advertising for engineering advice opposed in resolution e85, a106
Annual meeting:
Irrigation Division papers, different interpretation from that given by Engineering News-Record. F. C. Emerson ..... l 397
Board of Direction, Salt Lake City meeting n77
Canadian power export discussed at Montreal meeting e659, 678
Committees approved and medals awarded at Montreal meeting n648
Concrete proportioning discussed at Montreal meeting e661, 679
Construction Division, some problems and possibilities. A. P. Greensfelder ..... l 1042
Davison, G. S., leads in second ballot for president n321
Election of officers, new method proposed n1048
Joint Committee on Concrete and Reinforced Concrete. (See Joint Committee.)
Montreal meeting e659, 678
Salt Lake meeting, irrigation chief subject e86, 104
Technical divisions, initiative and responsibility increased at Montreal meeting e659, 678
Technical Divisions, once more e85
American Society of Mechanical Engineers, Herbert Hoover's address on Scientific Research e941
American Association of Port Authorities:
Technical papers presented at meeting in New York 600

AMERICAN WATER WORKS ASSOCIATION

Iowa Section meets at Dubuque n972
Water Works Practice: A Manual, book review 641
Angles:
Bearing on stiffener angles. A. W. A. Eden j*26
Annapolis, Md., city engineering *95
Aqueducts:
Washington, D. C., nine-mile water supply aqueduct, construction *88
Architects:
Indiana revokes engineering license of architect n732
Los Angeles architects combine for public service e290, 312
Argentina, expenditures of highway funds.. 763
Asphalt, emulsified, for cold application in highway or building construct on (Crown Bitumens Corp.) n*202
Asphalt mastic filler, asphalt, for brick pavements developed in New Orleans. E. J. Kelley *266
Asphalt Association:
Convention announced n364
Convention at Detroit e699, n731
Papers on salvaging old streets by asphalt resurfacing and oiling ..e739, a758

ASSOCIATED GENERAL CONTRACTORS

Bonding discussed at board meeting at Dallas n688
Construction Division of American Society of Civil Engineers, relation of, Associated General Contractors to it .e1055
Day labor opposed by A.G.C. and bill to be urged upon Congress n688
Construction admonition to contractors e618
Ethical practice rules issued e125, a142
Licensing of contractors, North Carolina law and study of question by A.G.C. e45
Atlanta, Ga., forty-years' service of W. M. Rapp on water-works n29
Atlantic City to have world's largest auditorium n853
Aurora, Ill., city engineering *133
Australia:
Bridges, timber arch, renewed on New South Wales railways *637
Waterweed removal from open shallow reservoirs. E. G. Ritchie *638

B

Backwater curves. (See Hydraulics.)
Baker, Prof. Ira O., death n813, n*852
Balancer for pneumatic tools (Chicago Pneumatic Tool Co.) n*162
Balcony framing, cantilever. (See Building design.)
Baldwin prize e617, n648
Baltimore, Md.:
Engineering services centralized ..e125, n156
Municipal office building planned n399
Strike ties up municipal work n234
Strike ends n320
Barge line, Warrior River. (See Warrior River.)
Baton Rouge, La., city engineering..... *998
Beams:
Rolled steel beams, comparative strengths of sections, American standard beam, Bethlehem beams and girder beams A. W. A. Eden j603
Beck, Sir Adam, death n320
Beck, E. A., city manager of Lynchburg, Va., death n769

BELT CONVEYORS

Drainage works, River des Peres, St. Louis, Mo., belt conveyor handles concrete to slopes of channel *964
Sewage bed slag placed by belt conveyor, East Sparta plant for Canton, Ohio j*518
Wanaque dam construction using belt conveyors e127, *252
Bids:
Cost to contractors of submitting bids. F. N. Goble, Inc..... l 1042
Federal-aid highway projects, unit bids compared on operations and materials n531
No bids submitted on Portland's $2,000,000 project n650
(See Bonds, Contracting, Contractors, Economics.)

BONDS

"Engineers' responsibilities e329
Life of structures for bond purposes defined 181
Maine passes bridge and highway bonds n485
Marin County, California, water bonds voted n770
West alm Beach to vote on $1,700,000 bond issue n31

BOOK REVIEWS

Analysis of railroad operations (Joseph L. White) 848
Bacteriology: a text-book on foundamentals (Stanley Thomas), reviewed by Harry E. Jordan 847
Bats, mosquitos and dollars (Charles A. R. Campbell) 847
Canada's great highway: from the first stake to the last spike (J. H. E. Secretan) 315
Commission for Relief in Belgium, Herbert Hoover, chairman: statistical review of relief operations (George I. Gay) 846
Construction plant, methods and costs (C. H. Paul) 315
Concrete, plain and reinforced. Vol. I (F. W. Taylor, S. E. Thompson and E. Smulski) 642
Construction drawing (J. Brahdy and S. Landsman) 1004
Drafting methods (D. S. Trowbridge)..1004
Drainage and flood control engineer (G. W. Pickels), reviewed by A. E. Morgan 1002
Economics of public utilities. (L. R. Nash) 1004
Effective regulation of public utilities (J. Bauer) 316
Effects of ions in colloidal systems (Leonor Michaelis) reviewed by Robert Spurr Weston 848
Elementary guide to reinforced concrete (A. Lakeman) 645
Elements of geology (T. T. Quirke) .. 644
Examination of waters and water supplies (J. C. Thresh) reviewed by H. E. Jordan 314
Foundations of bridges and buildings (Henry S. Jacoby and Roland P. Davis) 848
Freight terminals and trains (John A. Droege) 849
French debt problem (H. G. Moulton and C. Lewis) 644

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

French-English and English-French dictionary of technical terms and phrases (J. O. Kettridge) 315
Guiding principles of public service regulation (H. C. Spurr) 644
Highways of Norway (A. Baalsrud) .. 316
Interpretation of topographic and geologic maps (C. L. Dake and J. S. Brown) 316
Joint report upon the survey and demarcation of the boundary between the United States and Canada 481
John Edson Sweet (A. W. Smith) 110
Labor relations in industry (D. L. Hoopingarner) 642
Les routes Americaines (A. Antoine) .. 316
Locating the iron trail (E. Gillette) ... 643
Making of a railroad officer (Robert E. Woodruff) 848
National directory of commodity specifications 641
Old and new bridges over the river Don at Inverurie, 1791 and 1924 848
Old bridges of France (William Emerson and Georges Gromort) 846
Practical accounting for general contractors (H. D. Grant) 642
Practical road-building through Canada: a manual (E. A. James) 316
Principles of public health engineering (E. B. Phelps) 111
Public and its utilities (W. G. Raymond) 109
Public finance (H. L. Lutz) 109
Public health in theory and practice (W. H. Welch) 108
Public utilities and the law (W. M. Wherry) 643
Railway accounting procedure: 1926 Edition (E. R. Woodson) 848
Regularization of employment (H. Feldman) 642
Reinforced concrete bridges (W. L. Scott) reviewed by A. B. Cohen 479
Reinforced-concrete study in Russian. W. K. Hatt 108
Russian papers on bridge strains reviewed by L. Moisseiff 479
Sampling and testing of highway materials (W. H. Barton, Jr.) reviewed by H. S. Mattimore 480
Seasoning and preservation of timber (E. G. Blake) 480
Selling construction service (C. F. Dingman) 1003
Short history of American railways covering ten decades (S. Thompson). 644
Special libraries directory (second edition) 846
State gasoline taxes (E. P Learned) .. 644
Statement and engineering report by the Hydro-Electric Power Commission of Ontario 643
Street traffic control (M. McClintock) .. 108
Suburban trend (H. P. Douglass) 111
Transactions of the first world power conference 110
Vocabulario tecnico: Portugues-Ingles-Frances (F de Carvalho Henriques) .. 315
Water supply of buildings and rural communities (W. S. L. Cleverdon) .. 110
Water works practice: a manual 641
Who's who in engineering (J. W. Leonard) 108
Boston, Mass., Metropolitan District, and Worcester, large additional water supply recommended.....n925, e943, 944, e980.
Bremerton Navy Yard, pier under construction. F. L. Campbell and W. Rudolfs a552

BRICK

Barium-treated clay veneer placed on bricks n694
Chicago, Ill., contest between brick and hollow tile niterests e3
French mission studying paving brick industry in America n34
Paving brick varieties reduced n200
Bricklaying contest in Kansas, productive athletics e619

BRIDGE ABUTMENTS AND PIERS

Piers:
Allegheny River bridge, stone piers 80 years old found in poor condition .. *716
Burnside bridge, Portland, Ore., timber cribs floated to place for bridge piers *584
Failure of piers of Columbia River bridge due to poor concrete in bottom of piers 221
Sinking of pier out of sight, Willow Brook highway bridge, California .. n*32
Yosemite Valley R.R bridge, high piers, one 228 ft. *554
Bridge accidents:
Saulte Ste. Marie, Mich., movable bridge damaged in collision n*927
Toledo, Ohio, Ash St. bridge on Maumee River, swing span damaged by steamer collision n610
Traffic safety, old bridges, and numerous accidents e2
Bridge construction:
Philadelphia-Camden bridge:
"Rust-jointing" approach column bases. P. M. Sax, Jr. j275
Bridge demolition:
Niagara River cantilever bridge of Michigan Central R.R., unusual demolition work. H. Ibsen *1058

BRIDGE DESIGN:

Architect's co-operation, Bronx Parkway bridges at Scarsdale and Valhalla planned by engineer and architect. A. G. Hayden *16
Bascule bridges:
Double-leaf bascule bridge over Lake Washington canal at Montlake Ave., Seattle, Wash. *826
Montlake Ave. bridge over Lake Washington ship canal at Seattle, metal clips fasten floor joints to stringers in lift span j*811
Box girder:
Glasgow, Scotland, Oswald St. concrete arch bridge built as box girder. W. L. Scott *536
Carquinez Strait bridge. C. Derleth, Jr.. *504
Columns:
Detail design of large bridge columns. e535. C. L. Christensen 546
Competitive bridge designs and estimates asked of engineers free of charge for highway bridge in eastern state e660. 682
Discussion, Ethicuss ..... l 766
Concrete:
California changes concrete girder bridges 178
Reinforced-concrete bridges (W. L. Scott), book review by A. B. Cohen 479
J. F. Brett ..... l 766
Temporary hinges in concrete arch ribs. J. F. Brett ..... l 766
H. H. Quimby ..... l 1085
W. L. Scott ..... l 1044
Concrete pavement on timber floor of approach trestle to Spokane St. bridge at Seattle n*683
Haverhill Lower bridge, curb made high for traffic protection 296
Metal bridges in America fifty years ago. C. Gayler *385
Mushroom unit design of Scarsdale bridge of Bronx Parkway. A. G. Hayden *16
Point bridge, Pittsburgh, cantilever bridge designed with architect's co-operation. N. F. Brown *107
Steelwork:
Errors more or less common in steelwork designing. R. Fleming 501
Trough-shaped concrete railway bridge at Pueblo, Colo., over Dry Creek. C. A. Bock *416

BRIDGE FAILURES

Asheville, N. C., bridge. (See Bridge renewals.)
Buffalo—Fort Erie bridge, crib breaks away from anchorage n486
Chester River bridge, Pennsylvania, damages awarded in case regarding collapse in 1921 ..... n770
Columbia River bridge piers show defective concrete 221
Wooden highway bridge, North Hoquiam, Wash., collapses n282
Bridge renewals and repairs:
Concrete:
Asheville, N. C., repairing failed concrete arch *430
Rankin, Pa., emergency repairs to damaged bridge. R. H. Helick *624

BRIDGES

Arch:
Australia, timber arch bridges on new South Wales railways renewed *636
Glasgow, Scotland, Oswald St. concrete arch bridge built as box girder. W. L. Scott *536
Through-arch concrete bridge over Miami River at Piqua, Ohio. W. H. Rabe *750
Arlington memorial bridge, Washington, D. C.:
Bids to be called for Sept. 1 ..... n235
Douglas, W. J., made consulting engineer n486
Piers, bids asked n564
Arthur Kill bridge, New York (Staten Island) to New Jersey:
N. Y. Port Authority submits its plans to U. S. district engineer—Navigators object n235
Australia, timber arch bridges on new South Wales railways renewed *636
Bascule:
Burnside bridge, Portland, Ore. (See Bridges, Burnside.)
Double-leaf bascule bridge over Lake Washington canal at Montlake Ave., Seattle, Wash. *826
Binghamton, N. Y., construction features of memorial bridge *264
Bronx Parkway bridges, at Scarsdale and Valhalla, planned by engineer and architect. A. G. Hayden *16
Burnside bridge Willamette River at Portland, Ore.:
Pile driving, subaqueous, by compressed air operating hammer *53
Timber cribs floated to place for piers *584
California suspension bridge over American River in service since 1862 .... *908
Cantilever:
Carquinez Strait bridge, design and construction. C. Derleth, Jr. *504
Niagara River cantilever bridge of Michigan Central R.R., unusual demolition work. H. Ibsen *1058
Point bridge, Pittsburgh, cantilever bridge designed with architects' co-operation. N. F. Brown *107
Red River of North, highway bridge at Pembina, N. D., cantilever type dictated by sliding river banks ... 294
Chicago, Ill., many new bridges n611
Cleveland, Ohio, bridge approach to new terminal approved n486
Columbia River bridge piers defective. (See Bridge failures.)
Columbus, Ohio, railroad overcrossing bridge designed with arch, girder discarded *503
Concrete:
Bronx Parkway bridges, New York City, predetermining concrete strength. W. F. Welsch 630
California changes concrete girder bridges 178
Cantilever bridge built of high early strength cement, Germany *840
Continuous-girder bridges of concrete, use in Wyoming and general design. J. F. Seiler *722
Glasgow, Scotland, Oswald St. concrete arch bridge built as box girder. W. L. Scott *536
Miami River at Piqua, Ohio, concrete arch bridge of unusual form and details. W. H. Rabe *750
Trough-shaped concrete bridge Dry Creek, Pueblo, Colo., resists flotation. C. A. Bock *416
Waterproofing a reinforced-concrete highway bridge, Santa Margarita River j*191
Continuous-girder bridges of concrete, use in Wyoming and general design. J. F. Seiler *722
Detroit River bridge:
Financing by Windsor and Detroit .. n561
International toll bridge planned n648
Drawbridges:
Transportation right-of-way given to river traffic by custom e165
Fires:
Texas, six fires in bridges in short period 304
Fort Snelling-Mendota bridge under construction n*234
Gas main crossing lift bridge, airtight joint and plunger safeguard. Portland, Ore. j*392
Correction. J. E. Howard ..... l 392
Glasgow, Scotland, Oswald St. concrete arch bridge built as box girder. W. L. Scott *536
Harrisburg, Pa., Market St. bridge, contract let n852
Haverhill Lower bridge, curb made high for traffic protection e291, 296
Highway:
Carquinez Strait cantilever bridge, design and construction. C. Derleth, Jr. *504
Pacific Highway, three movable span bridges over Snohomish River proposed within two miles n928
Rankin, Pa., emergency repairs to damaged bridge. R. H. Helick .. *624
Virginia has many defective highway bridges 600
Hudson River bridge at 170th St. or 185th St.:
New York Port Authority asks bids on borings n524
Survey begun by Port Authority n360
Ireland, type of bridge being erected .. *184
Kennebec River, Maine, bonds voted .. n485
Metal bridges in America fifty years ago. C. Gayler *385
Miami River bridge at Piqua, Ohio, concrete arch bridge of unusual form and details. W. H. Rabe *750
Mississippi River bridge at New Orleans Engineers, Ralth Modjeski firm, selected n928
Montreal-South Shore bridge:
Financing by Province of Quebec and harbor commission n443
Steelwork bids asked n322
Steelwork contract let for part of bridge n527
New York City:
Tri-Borough bridge at Hell Gate.... n76
Hudson River bridges. (See Bridges, Hudson River.)
Niagara River:
Buffalo—Fort Erie bridge over Niagara approved n320
Work starts n359
Michigan Central R.R. cantilever bridge, unusual demolition work. H. Ibsen *1058
Ohio River bridge at Ambridge planned by Beaver County n525
Philadelphia-Camden bridge:
Roadway and sidewalk slabs, delay in contract avoided n32
"Rust-jointing" approach column bases. P. M. Sax, Jr. j275
Tolls controversy e107
New Jersey commission holds up work n399
Deadlock on tolls continues n486, n524
Pennsylvania seeks court decision through aid of Attorney General n607
Pennsylvania legislature, discussion of tolls n1048
U. S. Supreme Court to hear case. n890, e900
Pittsburgh, Pa.:
Allegheny River, stone bridge piers found in poor condition *617
Red tape involved in bridge construction 295
Point bridge work starts n195
(See Bridges, cantilever.)
Railway:
Florida East Coast Ry., six draw-span bridges in Florida j*811
Girder discarded for arch in grade separation at Columbus, Ohio *503

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Pueblo, Colo., Dry Creek bridge, trough-shaped, of concrete, built to resist flotation, C. A. Bock ....•416
Red River of North, cantilever type highway bridge at Pembina, N. D. 294
Rio Grande bridge at Brownsville, Texas, proposed n1046
Sabine River, interstate bridge between Texas and Arkansas and Louisiana, legal difficulty n236
San Francisco bay bridge situation ....•178
War department hearings e1056, n1086
Sault Ste. Marie, Mich., movable bridge damaged in collision ..... n•927
Scarsdale bridge of Bronx Parkway, design, A. G. Hayden ..... •16
Seattle, Wash.:
Montlake Ave. bridge over Lake Washington Canal, of double-leaf bascule type ..... •826
Spokane St. bridge, concrete pavement on timber floor of approach trestle ..... j•683
Snake River bridge at Twin Falls, Idaho, proposed n890
Snohomish River, Washington, three movable-span bridges within two miles proposed n928
Suspension:
American River, California, bridge in service since 1862 ..... •908
Toll:
Carquinez Strait bridge, cantilever, construction, C. Derleth, Jr. ..... •504
Detroit River, international toll bridge planned n648
(See Bridges, Detroit River.)
Philadelphia-Camden. (See Bridges, Philadelphia-Camden.)
Valhalla bridge of Bronx Parkway, design, A. G. Hayden ..... •16
Vancouver, B. C., Narrows bridges:
First bridge planned ..... •236
Second bridge completed n1048
Yosemite Valley R.R. bridge, high piers, one 228 ft. ..... •554
British road show. (See Highway machinery.)
Brookline, Mass., city engineering ..... •259
Building Code Committee of Department of Commerce, recommendations. (See Building design.)

BUILDING CONSTRUCTION

Apartment building, Chicago, novel design and rapid concreting ..... •103
Chicago University medical buildings, mast and spout concreting plant ..... j•684
Costs:
St. Louis building costs and those for all U. S. compared ..... n•163
Gypsum lumber, data on cost of sheathing n237
Harriman Bank, New York City, first-story columns cut away in building enlargement ..... •950
Labor. (See labor.)
Nail used instead of bolt in expansion shield (Star Expansion Bolt Co.) ..... •201
Produce market at Chicago ..... •136
Roofing unit, fireproof and light and durable (Holorib, Inc.) ..... n•819
Turner construction Co., building data based on 12 years' work ..... j•394
Sweating of concrete on rising temperature some weeks after casting is cause of many failures, C. A. P. Turner ..... l 1043

Building demolition:
Grosvenor Hotel, New York City, rapid demolition a record 869

BUILDING DESIGN

Apartment building, Chicago, duplex-story, rapid concreting 103
Balcony framing, cantilever, for special conditions, D. C. Coyle ..... •67
Cantilever floor construction, stresses, C. B. Foster ..... l•318
Concrete:
Slab, rectangular, a point in design, F. S. Bailey ..... l 522
Department of Commerce Building Code committee:
Live-loads and overloading, allowances discussed, E. M. Viner ..... l 279
Earthquake-resistant construction; suggestions from Tokyo, R. F. Moss 183
Floors. (See Floors.)
Industrial:
Garage design, with warped floor areas connecting ramps ..... •230
Industrial buildings. (See Buildings, industrial.)
Jury-room design tested by mock trial 677
Mosque, in Egypt, prizes for design offered n30
Over-refined design in case of reinforced-concrete hotel e619
Riverside Drive residence, New York City, of brick, with steel frame supported on steel bents ..... •625
Santa Barbara earthquake, building design in relation to resistance. (See Santa Barbara.)
Santa Fé engineering quarters in new office building ..... •464
Steelwork:
Errors more or less common in steelwork designing, R. Fleming 501
Stresses:
U. S. Department of Commerce, live-loads standards recommended 214
U. S. Department of Commerce, stresses in framework of buildings, tentative proposals 215
Working stresses discussed by Am. Soc. C. E. Structural Division, also Philadelphia Section e784, n813
Trusses:
Seaman's Bank Building, New York City, old combination trusses unusual ..... •1029

BUILDING FAILURES

Boston, Pickwick Club, collapse ..... n•75
Indictment; new n400
Indictment of eleven men for criminal negligence n115
Trial shows typical confusion in placing responsibility e166
Acquittal of the 12 men indicted e289, n319
John Evans Hotel, Evanston, Ill., collapses after cold weather ..... e783, •800
Kansas City, building collapse kills five n282
New York City, demolition work, building collapse kills two workmen n1011
Pier head house, Hudson River, New York City, boom knocks down frame n360
Wilmington, Del., theater, overloaded roof collapses n1008
Building materials:
Blocks of excelsior molds and concrete core, (Stockade Building System) ..... n•449
Terra cotta researches being made n324
Building moving:
Pier shed moved with barge derricks, Hudson River at New York City ..... j•392
Building repair:
Hazards of remodeling e249
Soap warehouse, Staten Island, story added by raising roof ..... n•687

BUILDINGS

Auditorium, world's largest, to be built at Atlantic City n853
Concrete:
Tallest concrete building at Montevideo, Uruguay ..... n•31
Duke University, 27 new buildings n117
Harriman Bank, New York City, first-story columns cut away in building enlargement ..... •950
Industrial:
Garage design, with warped floor areas connecting ramps ..... •230
Garages:
Paris plans underground garages .. 515
Paper mill, of Inland Empire Paper Co. at Millwood, Wash., enlargement during operation, R. A. Huestis •1030
Produce market at Chicago, buildings and equipment ..... •136
Santa Fé engineering quarters in new office building ..... •464
Textile mill, Narrow Fabric Co., at Reading, Pa., steel frame building with concrete floors ..... •341
Parking tower, Purdue University model ..... j•277
Residence of brick with steel frame, on steel bents, Riverside Drive, New York City ..... •625
Seaman's Bank Building, New York City, old combination trusses unusual ..... •1029
Bus lines:
New York, New Haven and Hartford R.R. organizes a bus transportation company n30

C

CAISSONS

Pump pit, concrete, sunk as open caisson, for water-works of Vicksburg, Miss., B. S. Nelson ..... •1078
California Section of American Water Works Association annual convention.. n609, n690
Camp, Walter M., death n282
Canada:
Highway cost in 1924 339
Canadian Good Roads Association, annual meeting n564

CANALS

Alamo canal, effect of berms, G. G. Sypes 433
Delavan Lake, Wis., spoil bank spread by land leveling machine ..... j•685
Delaware and Chesapeake Canal, history and recent dredging to sea-level canal ..... e700, •702
Delaware and Hudson canal, contracts let 100 years ago n233
Erie Canal, centenary observed e700
Great Lakes-Hudson canal proposition, backed by president of Delaware & Hudson R.R. n563
Locks:
Gates, new type developed in Sweden, Waalerdeuren, J. T. H. Sentrop and L. Lawski ..... •396
New York Barge Canal:
Information to bidders should be correct e455
Ship canal rumored e493
Panama canal:
Excavation, quantities, total to 1925.. 102
Sale River Valley irrigation canal, lining work started n1009
Welland Canal, contract let on last section n649
Cantilever balcony framing. (See Building design.)
Cantilever floor construction. (See Building design.)
Car-dumpers built by Pennsylvania R.R. for loading coal into ships, Sandusky, Ohio ..... •907
Carbon monoxide in tunnels. (See Tunnels.)
Cars:
Car puller, with electric capstan (Clyde Iron Works.) ..... n•365
Catalogs of manufacturers must be understandable, decree of Bureau of Foreign and Domestic Commerce n1012
Catch basins. (See Sewers.)

CEMENT

Alumina cement:
Accelerated sand tests at University of Tennessee, N. W. Dougherty .... l 113
Water control important in alumina cement concrete, Bureau of Standards tests show 462
Concrete Section, A. S. T. M., paper on cement requirements for highway construction a timely warning against variable cement tests, W. Mueser .... l 154
High early strength cement:
Concrete cantilever bridge built, in Germany, of high early strength cement ..... •840
Misuse of data alleged in cement and flooring rehearing plea n157
Research:
Bureau of Standards and Portland Cement Association, co-operative research e453
Steel barges transport bulk cement in Cuba n694
Cement Manufacturers' Protective Association, U. S. Supreme Court closes proceedings of case n694
Census:
New York City, population disappointment e980
Chains:
Lengthening the life of link chains (Bucyrus Co.) n1012
Charleston, S. C., city engineering ..... •909

CHICAGO, ILL.

Brick and hollow tile contest e3
Credit to A.A.E. W. Artingstall.. l 113
Bridges, many new, proposed n611
City-state proposed to obtain home rule.. e701
Engineers take short vacation in salary protest e45, n78, e290
Emergency men remained on duty, Sullivan and L. M. Bolger.... l 154
Delay in pay increase protested by Chicago engineers n926
Improvements, grade, bridges, terminals, etc. n234
Inventory, 20-year, of city development .. n890
Pavements, heavy rolled asphalt ..... •640
Pavements salvaged by widening and resurfacing ..... •838
Paving of streets, concrete, current practice ..... •1020
Port development report by General Black n691
Produce market, buildings and equipment ..... •136
Regional planning—Chicago Regional Planning Association:
Annual meeting, discussion of traffic, water, sewage, zoning n972
Traffic survey within the region n650
River and harbor improvements, War Department not to dredge deposits of sewage sludge n361
Roosevelt Road, a viaduct is built of reinforced concrete and encased steel.. •297
South Water St., double-deck street:
Construction ..... •602
Design and structure ..... e617, •632
Traffic improvement embodied in city's plan e824
Union Station opened n197
Water meters adopted by city council.. n196, n398, n443
Progress in installing meters n689
Water supply for suburbs planned n1008

CHICAGO DIVERSION OF WATER FROM GREAT LAKES

Minnesota, Ohio and Pennsylvania join Wisconsin in complaint to Supreme Court n607
Press Club of Chicago finds water-works employees' income tax decision as showing government has no jurisdiction on amount diverted 761
Unpopularity of Chicago, a case for the pyschologist e330
Chicago Sanitary District:
Bond issue limit increased to 4 per cent. n29
Chicago suburban district, 21 towns north of city water supply company formed.. n76
Chimney in Philadelphia Navy Yard, foundation reinforced, W. Z. Kline ..... •262
China, railway system 751
Chlorination. (See Water purification.)
Cincinnati, Ohio, city manager, Col. C. O. Sherrill appointed n971

CITIES

Parking:
Maybury, Sir Henry, calls much parking expensive garages e861
Population of largest cities 154
Traffic control:
Police control of traffic should be superseded by engineering control e1018
Portland, Maine, automobile parking control system ..... •261
Street cleaning. (See Streets.)

CITY MANAGERS

Cincinnati, Ohio, appoints Col. C. O. Sherrill as city manager n971

City manager project affected by court decision n157
International association, annual convention, and rapid growth n889
Kansas City manager charter held to be constitutional n400

CITY PLANNING

American Civic Association secretary visiting 30 states n31
Chicago, Ill., traffic improvement embodied in city's plan e824
Parking. (See Cities, traffic control.)
Zoning:
Bureau of Standards and zoning.... E. M. Bassett ..... l 1084
British Ministry of Health zoning decisions 1001
Denver, Colo., lower court rules against part of zoning ordinance n322
North Dakota upholds zoning e2, n29
St. Louis, Mo., new zoning law..... n283
Washington, D. C., zoning law upheld by district court n117
Clay Products research to be discussed at Washington n772
Clay, properties of. (See Foundations, soil mechanics.)
Cleveland, Ohio:
Representation, proportional, upheld and ward system defeated, in election.... e290

COAL

Car dumpers built by Pennsylvania R.R. for loading coal into ships, Sandusky, Ohio *907
Federal Coal Commission investigation ineffective and revolution in management of industry e205
Northern Pacific Ry. opens coal mine.. 263
Strike of anthracite miners e369
Pinchot, Governor, legislature session call on coal strike e980
Stripping by contract on Northern Pacific Ry.'s Montana and Wyoming properties *867

COFFERDAMS

Grand River crossing of Spavinaw water supply conduits, cofferdams of cribs, filled with concrete blocks. W. R. Holway *168, e206
Sewer cleaning ball dislodged by building cofferdam and cutting pipe, Laconia, N. H. C. A. French 10
Columbus, Ohio:
Repair costs of asphalt pavements since 1888. e126. R. H. Simpson *140
Water main, leakage tests. J. C. Prior.. *870

COLUMNS

Bridge columns. (See Bridge design.)
Formulas of Joint Committee on Concrete and Reinforced Concrete, criticism. J. Feld *477
Harriman Bank, New York City, first-story columns cut away in building enlargement *950

COMPRESSED AIR

Air compressors:
Electric welded frames for portable compressors (O. K. Clutch & Machinery Co.) n*613
Fordson runabout provides power for compressor (Metalweld'Service Co.) n*325
Hoist and air compressor mounted on same chassis (Novo Engine Co.) ..n*529
Helium-oxygen mixtures for compressed air work 586
Pile driving under water at Portland, Ore., used compressed air on hammer. *53
Valve for distribution in railroad and industrial plants (Cleveland Pneumatic Tool Co.) n*81
Compressed gas cylinders, caution by Interstate Commerce Commission for care in transporting n734

CONCRETE

Alkali, effect on concrete, research work at University of Saskatchewan. C. J. Mackenzie a920
Alumina cement concrete:
Bureau of Standards tests show close water control important. P. B. Bates 462
American Society for Testing Materials, abstracts of papers of Concrete Section. H. S. Mattimore, H. F. Gonnerman, A. T. Goldbeck and D. A. Abrams a64
Commendable curiosity e47
Variable cement tests. Concrete Steel Engineering Co. W. Mueser.... l 154
California road bridge concrete all tested in field. H. D. Miller *182
Fineness modulus method used in construction of Finkenberg warehouse, article in June, correction regarding cut and use of formula to predict strength. G. Conahey ..... l 74
Diatomaceous earth, North Carolina tests show use improves concrete. C. N. Conner *995
Floors colored and hardened with R. I. W. (Toch Bros.) n*238
Formwork. (See Concreting, formwork.)
Joint Committee on Concrete and Reinforced Concrete. (See Joint Committee.)
Memorial tablets. (See Tablets.)
Practice is backward in contracting for concrete work, shown by W. J. Barney in "What is the Matter with Contracting?" N. C. Johnson ..... l 646
Railway units of precast concrete. A. R. B. & B. A. paper a990
Strength specification basis for furnishing concrete, applying water-cement ratio theory and using scale-weighing device .....e661, J. G. Ahlers *674, e899
Strength. (See Concrete, control.)
Tests:
Bronx Parkway bridges, New York City, predetermining concrete strength. W. F. Welsch 630
Sand tests, accelerated, with alumina cement, University of Tennessee. N. W. Dougherty ..... l 113
Snap judgment on concrete cannot tell strength e533
Tile waste and crushed limestone in concrete, tested at U. S. Bureau of Standards 139

CONCRETE AGGREGATES

Crushed-rock plants. (See Rock crushers.)
Fort Worth, Texas, testing of washed gravel and crushed rock by city engineering department. 175
Testing:
Local deposits, North Carolina, testing methods for developing fine aggregate. G. W. Hutchinson 395

CONCRETE MIXERS

Building mixer, 10-S, approved by A. G. C. n488
Loading skip and discharge chute synchronize on new mixer (Chain Belt Co.) n*695
Repair work mixer, portable (American Cement Machine Co.) n*122
Spring suspension for mixer (Knickerbocker Co.) n*122

CONCRETE REINFORCEMENT

Highways. (See Highway construction, Concrete.)
Semicircular rods bent for Pit No. 3 tunnel. j270
Sewer construction, Flatbush outfall in Brooklyn, N. Y., hydraulic machine bends reinforcing steel j*1082
Concrete Reinforcing Steel Institute meets at Chicago n562

CONCRETING

Batch boxes raised with skip in mixer-charging device j*190
Belt conveyors. (See Belt conveyors.)
Chicago University medical buildings, mast and spout concreting plant.... j*684
Chuting patents, Callahan, contested by Concrete Appliances Co. and W. H. Insley, held invalid, design not invention *856, e901
Failures:
John Evans Hotel, Evanston, Ill., collapses after cold weather e795, *800
Formwork:
Anvil pocket for drop hammer, smoothness of forms essential. C. W. Wright j*886
Draft-tube liners of steel used as concrete forms, Pit 3 power house ... *264
Road forms, improvements (Dravo Equipment Co.) n*1014
Sliding forms, manual for building and operating (as developed by Turner Construction Co.). ..e785, R. F. Egelhoff *786
Sliding forms, record speed on Canadian elevator at Prince Rupert. D. M. Shearer and R. F. Egelhoff ..... l 1007
Tool eliminates twisting of wires between concrete forms (M. E. Saunier & Co.) n*201
Guns for placing concrete:
Pneumatic concrete guns used in lining Pit River No. 3 tunnel e126, *128
Mortar gun places premixed materials (Albert Oliver & Son, Inc.) n*81
Pit River No. 3 tunnel, lining placed with pneumatic concrete guns e125, *128
Proportioning:
American Society of Civil Engineers discusses proportioning at Montreal meeting e661, 678
Fuller's formula, variation from, for estimating quantities of materials. E. E. Glass j965
Scale-weighing regulator applies water cement ration theory. ..e661, J. G. Ahlers *674, e899
Trucks have separate compartments for sand and aggregate j*277
Weight measurements of aggregates, equipment for (Blaw-Knox Co.). .n*819
Record placing of concrete:
Apartment building, Chicago, rapid concreting *102
Arrowrock dam. C. H. Paul ..... l 278
Exchequer dam, work. Bent Brothers l 113
Kensico dam for New York water supply, rapid concreting, in 1913-1914. W. F. Smith ..... l 232
River des Peres drainage works, St. Louis, Mo., belt conveyor handles concrete to slopes of drainage channel j*964
Water-cement theory as a fact in field control of concrete ..... e661, J. G. Ahlers *674, e899
Winter:
Ice formation on heated reinforcing steel. G. G. Symes ..... l 442
St. Louis, Mo., municipal market Concreting in winter rapid j*1080
Sweating of concrete on rising temperature some weeks after casting cause of many concrete failures. C. A. P. Turner ..... l 1043
Conduits. (See Pipe.)
Conference of State Sanitary Engineers:
Code of principles for sanitary control in the development of ground water supplies a626
Congress, public works problems for its attention e941
Conner, Brig. Gen. W. D., made major general n196

CONSTRUCTION

Associated General Contractors gives admonition to contractors e618
Conference of contractors and others, called by National Association of Building Trades Employers n771
Cottage for engineer on remote construction job, Dix River dam. G. H. Ellis j*517
Equipment:
Air dump cars (Magor Car Corp.) ..n*364
Construction equipment—past and present. VII Automatic buckets n*120, n*160
VIII Trench excavators n*284
Philadelphia sesquicentennial to have equipment exhibit n528
Materials:
Santa Barbara, Calif., earthquake Engineers, Col. C. S. Smith, A. C. Martin, M. B. Reilly and J. K. Moore, discuss earthquake effects and building *328
Slate, with permanent colored finish (Structural Slate Co.) n652
New England construction shows steady growth during past four years n326
Safety in construction work, report of American Railway Bridge and Building Association j884
Statistics:
Engineering News-Record statistics, comprehensive e86
Summer slump, a smoother curve e205
Volume of 1925 construction will break all previous records n*859
Winter:
Ice formation on heated reinforcing steel. G. G. Symes ..... l 442
New York Building Congress urges more winter construction: n1087
Rochester, N. Y., eliminating winter idleness e250
School building column replacement costing $70,000 ..... e1
Sweating of concrete on rising temperature some weeks after casting is cause of many failures. C. A. P. Turner ..... l 1043

CONTRACTING

What is the matter with contracting? e454, W. J. Barney 456
Concrete practice is not progressive: N. C. Johnson ..... l 646

CONTRACTORS

Bids:
Cost of submitting estimates. F. N. Goble, Inc. ..... l 1042
Information to bidders should be correct, Passaic Valley sewer tunnel and Barge Canal cases, in 1924, cited .e454
New York City subway building an illustration of frivolous bidding ..e494
Structural steelwork, bidding plans defined for committee for new Structural Steel Board of Trade 667
Clearing Bureau of Contract, Investigation established in California. ..e783, n815
"Consumer appeal," development by contractor suggestions by Morton C. Tuttle Co. 985
Cost report forms, equipment record, and foreman's daily report j*1080
Cuba offers opportunities n611
Ethics rules issued by Associated General Contractors e125, a142
Licensing, North Carolina law and study of question by A. G. C. e45
War camp suits:
Fuller, G. A., Co., fraud case fails.. n78
What is the matter with contracting? e454, W. J. Barney 456
Concrete practice is unprogressive. N. C. Johnson ..... l 646

CONTRACTS

Mass curves of contract values for years 1922-1925 and a projection of the curves to 1930 ..... n*821
Standard contract forms, of Joint Conference, ready for distribution n31
Cook County, Illinois, 1,000-mile road system plan *713
Coolidge, President:
Chamber of Commerce speech in New York emphasized engineering methods for business e863, e899
Congressional and budget messages.... e979
Copper mine in Manitoba, railway and town involved in mine opening n1087
Costs:
Gilsonite, high rail rates raise production costs 55
(See Construction; Economies; Highway economies, etc.)
Cottage for engineer on remote construction job, Dix River dam. G. H. Ellis ..j*517
County engineers and public health officers e127, e249
Missouri situation. J. B. March .... l 523

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

CRANES
Hand signals for locomotive cranes....j*967
Truck and trailer crane is compact unit (Harnischfeger) n*773
Cribbing unit forms a stable interlocked retaining wall (Federal Cement Tile Co.) n*818
Cultipacker used in street work, Bowman, N. D. j*687
Culverts:
Highway culverts, locating. (See Highway construction.)

D

DAMS
Androscoggin River, Maine, dam and power house, Gulf Island, Maine n692
Arch:
Gem Lake multiple-arch dam, California, disintegration of concrete from freezing .....el. *22
Frozen concrete due to unreliable materials. W. W. Wheeler 1 232
Manitou, Colo., arch dam weakened by seepage, repaired by earth fill above and below structure *953
Multiple-arch concrete dams exposed to frost, Gem Lake dam and dam in Maine. S. W. Stewart 1 396
Test arch dam on Stevenson Creek, Measurements and investigations which constitute purpose of test 510
Radius of arch as a factor in testing an arch dam. F. A. Noetzli 1 74
Tidone, Italy, large multiple-arch dam being built. J. B. Lippincott *710
Australia, Hume dam on Murray River in New South Wales, large valves installed n1090
Boulder Canyon dam:
U. S. Senate committee at Los Angeles hears case for early construction n767
Cushman dam for Tacoma, Wash., water supply extension of time granted ..n649
Dix River dam:
Cottage for construction engineer, plan, G. H. Ellis j*517
Earth fill:
Arch dam near Manitou, Colo., weakened by seepage, repaired by earth fill above and below structure ...*953
Drains under earth dams. C. C. Dalal 1 *483
(See Dams, Failures, Sheffield dam.)
Horse Springs Coulee dam of Whitestone irrigation project, leakage under earth dam is investigated ..n361
Leaks may be sealed n1046
Puddingstone Creek, three earth-fill dams for Los Angeles County flood protection n399
Sheffield dam. (See Dam failures, Sheffield.)
Elephant Butte dam. (See Rivers, Rio Grande.)
Exchequer dam on Merced River, California:
Concrete placing record. (See Concreting, record.)
Year's progress in construction n*609
Failures:
Earth dam, Horton, Kan., partly washed out. E. B. Black *58
Gem Lake multiple arch dam, California:
Concrete disintegration under low temperatures .....el, *22
Discussion. S. W. Stewart 1 396
Discussion. W. H. Wheeler 1 232
Defective granite dust in concrete probable cause of failure. M. M. O'Shaughnessy 1 *194
Frozen concrete due to unreliable materials. W. H. Wheeler 1 232
Underburned cement probable cause. L. Jorgensen 1 606
Manitou, Colo., arch dam weakened by seepage, repaired by earth fill above and below structure *953
Sheffield dam, failure at time of earthquake at Santa Barbara, drains under dam discussed. M. M. O'Shaughnessy 1 *194
Gilboa dam, slopes changed n814
Gros Ventre Canyon, natural dam 180-ft. high formed by landslide. F. B. Emerson 1 *467
R. Neilson 1 1044
High dam, on Mississippi River, sewage problem created n398
Hume dam, on Murray River in New South Wales, Australia, large valves installed n1090
International diversion dam. (See Rivers, Rio Grande.)
Miter lock gate principle used in building log dam near Ithaca, N. Y. j*967
Mokelumne River:
East Bay District water supply dam, contracts let n608
North Fork, large rock-fill dam for power development n648
Percha dam. (See Rivers, Rio Grande.)
Puddington Creek dam for Los Angeles County flood protection n399
Reclamation dams in United States, construction progress 727
Rock-fill:
Slip on new work at Lake Fordyce dam kills three n444
San Antonio, Tex., flood control dam on Olmos Creek to be built n77
Spillway profiles. D. E. Eason and M. Suquet 1 154
Test arch dam, California. Work begun n196
(See Dams, arch.)
Tidone, Italy, large multiple-arch dam being built. J. N. Lippincott *710
Tieton dam, Yakima reclamation project. n*400
Undercutting, preventing. D. E. Eason and M. Suquet 1 154
Valves in Hume dam. (See Dams, Hume.)
Wanaque dam, in New Jersey.
Belt conveyors building embankment and core wall e127, *252
Datum planes, determination. (See Surveys and Surveying.)
Dayton, Tenn., sanitary measures during evolution trial n30
Delhi land settlement. (See Land reclamation.)
Denver, Colo.:
Improvements to cost $6,000,000 planned n1087
Zoning ordinance, part ruled against by lower court n322
Detroit, Mich.:
Projects approved in November election n813
Street widening on three streets voted n689
Tunnel under Detroit River proposed ..n815
Diatomaceous earth in concrete. (See Concrete.)
District of Columbia, transportation survey being made 721

DRAINAGE
Drainage and flood control engineering (G. W. Pickels), book review.....1002
R. Reimann 1 1085
Imperial Valley drainage problems—progress in solution. D. W. Murphy *804
Irrigation. (See Irrigation, and Land reclamation.)
Little River District, Missouri, additional drainage works. E. S. Blaine *496
Drawing instruments:
Lettering guides, new styles and sizes (Wood-Regan Instrument Co).....n*1051
Straightedge for parallel ruling to be secured to drawing board (Keuffel & Esser) n*1014

DREDGES AND DREDGING
Channel dredging project, extensive, with four large dredges *982

DRILLS AND DRILLING
East River, New York, deepened by special drilling outfit (drill manufactured by Sanderson-Cyclone Drill Co.) *773
Hammers. (See Hammers.)
Speed governors used on pneumatic drills (Ingersoll Rand Co.) n*529
Dry rot. (See Lumber.)
Dump cars. (See Construction, equipment.)
Dump cars, designed to dump material at distance from track (Differential Steel Car Co.) n*735
Duke University buildings. (See Buildings.)

E

Earthquakes:
Construction for resistance to earthquakes, lessons from Tokyo. R. F. Moss 183
General effects. (See Santa Barbara.)
Earthquake hazards on the East coast. W. E. Spear 1 279
Santa Barbara. (See Santa Barbara.)

ECONOMICS
Budgeting, national, too much economy? e329
Contractors' report forms. (See Contractors.)
Depreciation reserves, engineer should study matter for use in design for life of structures. W. E. Oberle ...1 278
Living costs increase, recession in employment and factory payrolls ..n*490
Waste-reduction program of Secretary Hoover, report reviews progress 915
Electric light bulb is frosted on inside instead of outside (Westinghouse Lamp Co.) n*696
Electric motors:
Lubrication and efficiency n894
Motor unit completely closes valve before motor stops (Coffin Valve Co.) n*931
Welded steel shapes used instead of castings, on electric motor (Lincoln Electric Co.) n*238
Electric tools, power increased by using 180 cycle a.c. (Chicago Pneumatic Tool Co.) n*529
Engineer Corps, report of activities n1010

ENGINEERING
Financial engineering:
Depreciation reserve for life of structures, engineers should study. W. E. Oberle 1 278
"Free" engineering, scope defined by Western Society of Engineers 52
Engineering drawing:
Specifications for reduced drawings. C. L. B. Anderson j*191

ENGINEERING EDUCATION
Asphalt paving schools planned n562
Building inspection taught at Georgia School of Technology n236
Correspondence schools, fake advertising, one snake scotched e523, n561
Correspondence school, Job-Way Home Study, Inc., ordered to cease advertising e523, n*561
"Forget you went to college." B. F. Jakobsen 174
Humanize the engineering school e370, R. L. Sackett 1 647
Lehigh university combines business with engineering n118
Rensselaer Polytechnic Institute, general science course changed n359
Wolman, Abel, to lecture at Harvard ..n361
Yale University makes transportation survey for basis of new courses ... 422
Finds no demand for college men ...n927

ENGINEERING ETHICS
American Society of Civil Engineers:
Advertising for engineering advice, resolution by Board of Direction e85, a106
Baldwin prize—a chance for the engineer student 617, n648
Competition in submitting designs free of charge; case of highway bridge in an eastern state e660, 682
Discussion 1 766
Four actual cases for consideration ...e579
Help wanted advertisements by employing engineers asking for "lowest salary" is questionable ethics. J. G. Bennett ..1 924
Engineering Foundation:
Dam, test, arch, on Stevenson Creek construction n196, n650

ENGINEERING IN THE SMALL CITY
Activated-sludge process advised for Elyria, Ohio 673
Annapolis, Md. *95
Aurora, Ill. *133
Baton Rouge, La. *998
Beloit, Wis., drains underground eliminate pavement depressions *1037
Bituminous surface for concrete paving, Helena, Mont. T. Carmichael 672
Brick, condemned, stick for marking. L. G. Howell *545
British paving uses clinker and heat from refuse destructor 628
Brookline, Mass. *259
Cabinet convenient for small engineering office *383
Catchbasin with protected curb opening makes cleaner streets, Portland, Maine *513
Catchbasins, cleaning costs, Rockford, Ill. 97
Charleston, S. C. *909
Cincinnati, Ohio, street cleaning costs .. 383
City engineer declares street improvement negotiations are matters for engineer, not city attorney .....e70(
City engineers' and consultants' work should dove-tail 673
Decimal system for filing engineering data. J. Feld 513
Dismissal of city engineer, North Adams, Mass., and appeal and hearing 359
East St. Louis, Ill., enlarged sewer system needed *260
Everett, Wash. *841
Wood-stave pipe line, freezing reduces capacity of pipe.....1077
Fire hydrants painted yellow in New London, Conn. 134
Flint, Mich. *1035
Greensboro, N. C. *60
Holdredge, Neb., sewage disposal for town of 3,000. F. M. Veatch *589

Water-works bond issues, professional responsibilities e329

ENGINES

Diesel engines:
Exhaust manifold made from corrugated steel (Sanderson and Porter) n*695
Shovels and cranes, four-cylinder Diesel engines to be used (Northwest Engineering Co.) n*975
Industrial:
Two-cylinder gasoline industrial engine (Fuller & Johnson Mfg. Co.) n*449
Uni-flow engine, valveless (Palmer St. Clair, Jr.) n*81
England:
Paving work uses clinker and heat from refuse destructor 628
Severn River tidal power scheme 459
Europe's debt payment e329
Everett, Wash., city engineering *841

EXCAVATING MACHINERY

Backfiller attachment is four tools in one (Killefer Manufacturing Co.) ... *818
Buckets, automatic, historical sketch n*120, n*160.
Crawler, half-yard, for crane dragline and shovel work (Mead-Morrison Mfg. Co.) n*1030
Dipper, manganese steel (American Manganese Steel Co.) n*449
Dump wagons, draw bar of new design gives direct pull from tractor to each wagon (Watson Truck Corp.) n*489
Moving 62-ton trawler-mounted draglines on flat cars j27
Pipe pusher eliminates necessity of digging shallow trenches (Giant Mfg. Co.) n*735
Pump for manhole trench work driven by built-on engine (Edson Mfg. Co.) n*201
Shovels:
Ford parts, 100 standard, used in power shovel construction (Wilford Power Shovel Co.) n*931
Mine excavation in open by steam and electric shovel j602
Shovels, spades and scoops, simplification proposed by U. S. Bureau of Standards n974
Excavation:
Dump cars, designed to dump material at distance from track (Differential Steel Car Co.) n*735
Panama Canal. (See Canals, Panama.)
Spoil-bank spreader on canal work, Delavan, Wis. j*685
Explosives:
Compressed gas cylinders, caution by Interstate Commerce Commission for care in transporting n734

F

Federal Power Commission:
General Electric Co. investigation n526

FIRE PREVENTION AND PROTECTION

Fire hydrants painted yellow in New London, Conn. 135
Fresno, Calif., wins T. H. Ince trophy .. 880
Storage to solve fire reserve problem .. a93
Flint, Mich., city engineering *1035

FLOODS, PREVENTION AND PROTECTION

Denver, Colo., diversion of Platte River planned for flood prevention n972
Indianapolis, Ind., flood protection works, progress *213
Los Angeles County flood protection, three earth-fill dams on Puddington Creek n399
Peru, Ind., flood protection works progress *962
Rio Grande flood does little damage to reclamation projects n320
San Gabriel flood-control dam, Los Angeles County, estimate and design report n689
Syracuse, N. Y., flood protection studies of rivers 153
Trinidad, Colo., revisited by large flood n*280
Flood flow figures n400
Floors:
Filler in wood block floors, slot aids pouring (Jenisen-Wright Co.) n*202
Flat-slab floors, wall beam, advantage of up-turned over down-turned, in formwork and construction. B. P. Floyd j*394
Forestry:
New York State, reforestation to autumn of 1925 1034
U. S. Forest Service, new forest protection plan 994
Forms (for concrete). (See Concreting, formwork.)
Formulas:
Pipe lines, flow of water formulas. (See Hydraulics.)
Formwork. (See Building construction, concreting, Highway construction.)
Fort Worth, Texas, City Plan Commission, "Laundryman" also an engineer ... n196.
J. B. Hawley ..... l 318

FOUNDATIONS

Chimney in Philadelphia Navy Yard, foundation reinforced. W. Z. Kline .. *262
Faults in foundation planning, paper of American Railway Bridge and Building Association a187
Hudson tunnel shaft, well-drilling methods used in sinking foundations for piers 106
Rutherford, N. J., telephone exchange building, well-drilling methods applied in sinking foundation piers .. 106
Soil mechanics, principles. C. Terzaghi:
I—Phenomena of cohesion of clay e740, *742
II—Compressive strength of clay.. *796
III—Determination of permeability of clay *832
IV—Settlement and consolidation of clay *875
V—Physical differences between sand and clay *912
VI—Elastic behavior of sand and clay *987
VII—Friction in sand and in clay .. *1026
VIII—Future development and problems 1064
A priori conclusions in articles, comment and reply. J. H. Griffith and C. Terzaghi ..... l 1006
Discussions. H. A. Thomas, T. Merriman, C. Terzaghi ..... l 888
D. E. Moran ..... l 969
Engineering science of soil mechanics, development e1-57
Trinity Church, New York City, underpinning with pipe piles. H. De B. Parsons *668
Well-drilling methods applied to sinking foundation piers for a Hudson River tunnel shaft and for telephone exchange building at Rutherford, N. J. 106

Founder Engineering Societies:
War Secretary Davis and Assistant Secretary MacNider address societies on industrial preparedness n971

France:
Debt to United States e533

G

Gage, for water filters. (See Water purification.)
Gambling in buildings in New York City e1019

HIGHWAY ENGINEERING
Missouri Highway Commission may appoint engineers, court rules n525
Tennessee highway commissioner quits in disagreement over road funds n770
Highway guard rails:
"Life saver" guard rail of specially rolled shape (Galion All-Steel Body Co.) ..n•858
Painting by dipping in trough, Michigan practice. R. A. Palmer .....j•686
Stone guard rail proves cheapest for Massachusetts highway .....j•605
Wire link guard rail used by Nevada Highway Department .....j•520

HIGHWAY MACHINERY
Asphalt smoothing iron, self-heating (Chausse Oil Burner Co.) .....n•529
British road show exhibits new equipment .....n•1012
Cultipacker used in street work. Bowman, N. D. .....j•687
Distributing machine places materials over subgrade (M. M. Butler & Co.) n•489
Graders:
One-man Fordson grader (Wehr Co.) n•81
Patrol grader, motor, one-man use (Russell Grader Mfg. Co.) ....n•654
Scarifier tooth of new design (Stockland Road Machinery Co.) .....n•612
Shoulders finished rapidly by new grader (Highway Shoulder Machine Co.) .....n•34
Grinding machine removes high spots on concrete roads (Ham & Westing) ..n•653
Pavers:
Spreader attachment for concrete pavers (Chain Belt Co.) .....n•326
Sprayer, hand operated, for road maintenance (Littleford Bros.) .....n•735
Truck for road-building use improved for greater safety and speed. (Hug Co.) .....n•975
Stone spreader used in paving work at Rockford, Ill. .....•957

HIGHWAY MAINTENANCE
Asphalt pavements
Columbus, Ohio, repair costs since 1888. e126. R. H. Simpson .....•140
Bituminous roads:
Monroe County, Mich., machine maintenance of macadam .....•681
Concrete:
Blow-ups, Delaware repair practice ..•432
Quick-hardening concrete patching with ordinary cement, Indiana practice. A. H. Hinkle .....a•356
Cuts in highway construction, protecting against flow sand, Roscommon County, Mich. .....j•604
Delaware practice in repairing blow-ups. •432
Georgia, earth road maintenance, repair operations, men and equipment. ...e1, B. H. Piepmeier ..... •12
Rockford, Ill., macadam street patrol equipment 427
Sand-clay road maintenance practice in Georgia ....e370. H. J. Friedman....•378

HIGHWAY RESEARCH
Advisory Board on Highway Research. (See Advisory Board.)
Bureau of Public Roads:
Earth-moving studies published in *Public Roads* e85
Concrete paving studies in 1925 by Bureau of Public Roads e900
Reviews from papers and societies to be summed up by Bureau of Public Roads e577
Six-wheel truck tests, made by U. S. Bureau of Public Roads e783
U. S. Bureau of Public Roads:
Census of major highway research activities e1017
Highway Research Board. (See Advisory Board on Highway Research.)

INTERSTATE WATER COMPACT

Colorado River compact:
Arizona governor issues ultimatum ..n398
Indorsed by three states n444
Lower Basin states split on Boulder Canyon matter n485
Upper basin governors take stand on ultimatum by Arizona governor n484, n526
Iowa Section of American Water Works Association meeting at Dubuque n972

IRRIGATION

Alamo canal, serving Imperial Valley, effect of berms in canal on water stage. G. G. Sykes 433
Arizona, Buckeye valley waterlogged land on old project reclaimed by drainage. H. L. Hancock *272
California, limit of irrigated area 212
Columbia Basin project:
Report by Dr. Mead and Edwards is against development e494, a502
Ditches siphoned under highways, concrete siphons with curved wings and elbows j*884
Great Plains section of United States, irrigation needs and possibilities to be studied by U. S. Division of Agricultural Engineering 631
Imperial Valley district suicidal management e701
Imperial Valley drainage problems—progress in solution. D. W. Murphy *804
Little River District, Missouri, additional drainage works. E. S. Blaine *496
Nevada Irrigation District to use waters of Middle Yuba River n691
Nevada irrigation project on Yuba River in California, license for use of water for land irrigation n892
Pipe for irrigation uses. (See Pipe and pipe lines.)
Rio Grande, effect of storage of water on downstream erosion and deposition e369, L. M. Lawson *372
Salt Lake City meeting. (See American Society of Civil Engineers.) e86
Salt River Valley irrigation canal, lining work started n1009
San Francisco Commonwealth Club and Section of Am. Soc. C. E. committee recommends further irrigation development 916
Tunnel for North Platte reclamation project, constructed in earth and hard clay j393
Uncompahgre project, conflicting requirements of water for power and for irrigation 265
Water duty, 200-acre suburban tract near San Antonio, Texas. E. P. Arneson j885
(See also Hydro-electric power; water resources; Water Supply.)

J

Jacks:
Oil jack using hydraulic principle (Oil Jack Co.) n*895
Japan:
Earthquake-resistant construction: suggestions from Tokyo. R. F. Moss 183
Shimizu tunnel on Japanese railways, construction. Y. Hashimoto *171
Tanna tunnel for Japanese railways, construction difficulties e330. K. Kusuda *336
Joint Committee on Concrete and Reinforced Concrete:
Column formulas, criticism. J. Feld.. *477
Joint Conference on Standard Construction:
Contracts, Standard forms ready for distribution n31

K

Kansas City, Mo.:
City manager charter held constitutional n400
Garbage disposal:
Contracts, history reviewed. R. W. Wilson ..... l 521
Garbage to be made into hog and chicken feed n399

L

LABOR

Board of Jurisdictional Awards, a needed organization n610
Builders pay agreement, Indiana court finds legal n233
Lien laws, mechanics e369
Municipal work at Baltimore held up by strike n234
Strikes:
Anthracite miners strike e369
Pinchot, Governor, legislature session call on coal strike e980
Baltimore, Md., building strike..n234, n326
Jurisdictional strikes a sore spot.... e1
Wage rate trend and few labor troubles. n*203
Lake Michigan Sanitation Congress, annual meeting n1008

LAND RECLAMATION

California, limit of irrigated area..... 212
Columbia Basin project:
Report by Dr. Mead and Edwards is against development e494, a502
Conference at Washington on land reclamation endorses planned settlement e1017, 1038
Delay in development of projects, Attorney General's ruling n526
Delhi, Calif., California state land settlement, difficulties, experiences, rehabilitation measures, N. A. Bowers ..e125, *143
Development delay upheld by President Coolidge n526
Discouraging showing in reports of Dr. Mead and Secretary Work e981
Farm communities Conference, Dr. Mead quoted on controlled and aided land settlement 355
Imperial Valley drainage problems—progress in solution. D. W. Murphy..*804

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Little River District, Missouri, additional drainage works. E. S. Blaine *496
Oregon contentions as to projects.....n486
Progress on new Bureau of Reclamation projects delayed by unfavorable local conditions 639
Reducing the gamble by settler selection plan e534
Sun River project, Montana willing to cooperate n608
State and local co-operation, Joseph Jacobs quoted 270
Washington governor's message to state legislation e861
Waterlogged land on old project in Arizona reclaimed by drainage. H. L. Hancock *272
White Bluffs-Hanford land settlement in Washington 765
Williston project sold by United States e981, n1010
Wyoming, state financing of land reclamation 73
Landslide dams the Gros Ventre river in wide canyon n*116
League of Nations demonstrates use in Greek-Bulgar matter e739
Lexington, Ky.:
City engineering *349
Private water plant well managed.... *62
Life of structures defined for bond purposes, New York State 181
Lighting:
Floodlight projector, ventilation unnecessary (Pyle-National Co.) n*734
Limestone quarry costs at Rockford, Ill... 96
Locks. (See Canals.)

LOCOMOTIVES

Gasoline:
Wheel drive individual, in 20-ton gasoline locomotive (Davenport Locomotive Works) n*81
Largest passenger locomotive in the world n*156
London:
Lock at Tilbury docks, approved..... 593
Fuel briquets from refuse incineration, plan in London e660, 670
Port development, $20,000,000 planned.. 273

LOS ANGELES, CALIF.

Aqueduct flow interrupted by slides....n235
Architects combine for public service.. .....e290, 312
Engineering department, changes in personnel n362
Garbage disposal, feeding 40,000 hogs on Fontana Farms e206, *208
Sewer outfall, concrete, open sea construction. H. A. Van Norman.....*202
Traffic systematized and signals obeyed..e700
Water supply:
Owens Valley land, more to be purchased in city's water supply extension plan n322

Lumber:
Dry rot conditions in Alabama serious.. 357
Ring clamp holds lumber joints together (W. L. Evans) n*975
Lynbrook, N. Y., incinerator site not agreed on n527

Manufacturers' catalogs must be understandable and exact (Bureau of Foreign and Domestic Commerce.) n1012
Maple flooring Manufacturers Association, Supreme Court closes proceedings of case n694
Maps and mapping:
Aerial surveying:
Brock method, patent claim of A. C. Voris and discussion. G. B. Adams, J. E. Fechet and F. E. Weymouth..1482
Great Salt Lake desert survey to be undertaken 93
Indexing engineering maps and data. H. A. Varney a306
Pacing aids rapid reconnoissance. F. A. Glass j*686
Transits. (See Surveying instruments.)
Marine borers:
Los Angeles prohibits use of untreated piling, because of breeding ground.. 94
Teredo, effect on interior of timber difficult to detect from surface indications. E. Fritz *503
Materials:
Strength of material, testing characteristics e87
(See Construction.)
Maybury, Sir Henry, studies roads and rapid transit in U. S. n*525
Memorial tablets. (See tablets.)

METALS

Corrosion of metals: test methods and results. A. S. T. M. abstracts. E. Blough and F. F. Fowle a*185
Duralumin and the "Shenandoah".....e862
Duralumin deterioration in "Shenandoah" Bureau of Standards Tests, testimony of L. B. Tuckerman e979, a1000
Engineering News-Record editorial in error. E. R. Gayler 1006
Fatigue of metals:
A. S. T. M. discussion. T. M. Jasper and P. B. Irwin a*309, *311
Stress repetition and fatigue in steel structures. H. F. Moore..... 376
Temperature:
A. S. T. M. discussion. T. P. Lynch, N. L. Mochel and P. G. McVetty..a*308
Miami, Florida, record rainfall of 15.1 in. in 24 hours n928, n970
Miami Conservancy District:
Construction report valuable e618
Memorial tablets of concrete, construction methods. J. K. Grannis *300
Michigan engineers to meet n610
Michigan road show at Grand Rapids....n364
Middletown, Ohio, city engineering *425
Millennium of thrift e941
Milwaukee, Wis., sewage disposal plant opened n75
Mine, copper, in northern Manitoba, railway and town construction involved in opening of mine n1048
Minneapolis, Minn., high dam creates sewage problem at Twin Cities n398
Minnesota and Canadian engineering societies, Winnipeg meeting n360
Missouri, Black and St. Francis River Commission appointed n76
Missouri Highway Commission may appoint engineers, court rules n525
Monrovia, Africa, Firestone rubber plantation. J. G. White Engineering Corporation to build harbor works.....n1087
Montgomery, Ala., city engineering *1075
Montgomery, Ala., water supply from filters, small wells, large wells. W. A. Cone *216
Motor bus lines, plan to place federal powers over bus lines in hands of state commissions n688
Motor cars, cost of operating two cars compared. R. L. Morrison .....l 442
Motor, magnetic self-starting (U. S. Electrical Mfg. Co.) n*80

MOTOR TRUCKS

Six-wheel truck tests, made by U. S. Bureau of Public Roads e783
Weighing motor trucks, "loadometer" improved device (Black & Decker Mfg. Co.) n*975
Motors. (See Electric motors.)
Municipal construction:
Chicago, Ill., South Water St., design and construction of double-deck street e617, *632, *662
St. Louis, Mo., municipal market, winter concreting rapid j*1080

MUNICIPAL ENGINEERING

Association of municipal engineers planned, under auspices of American Association of Engineers n1045
Baltimore, Md., engineering service, centralized e125, n156
City engineers' and consultants' work should dovetail 673
Filing of engineering data, decimal system. J. Feld 513
Improvement assessments, varied practice e454
Kansas University three-day school for city officials e979
Maps, engineering, indexing system (H. A. Varney) a306
Newark, N. J., engineering department reorganized n527
North Adams, Mass., dismissal of city engineer upheld by court n690
Ocean front property, protection practice at Santa Monica 382
Publicizing plans for municipal work, as at Portland, Ore. S. H. Evans....*426
Salary of municipal engineers. (See Engineers, salary; also under cities, by name.)
Small cities. (See Engineering in the small city.)
Subdivision and lot surveys, practices and costs in 31 cities in United States. W. L. Prouty 718

MUNICIPAL GOVERNMENT

City-manager plan voted on by three New Jersey cities n562
New York State home rule upheld..e413, n444
Oregon City votes to continue commission-manager plan n889
Rochester, N. Y., to vote on council-manager plan n692
Seattle, Wash., annexation campaign and utilities services e207

MUNICIPAL IMPROVEMENTS

New Haven, Conn., must pay damages for fixing building line 957
Parking. (See Cities, traffic control.)
Strike ties up municipal work at Baltimore n234, n320
Municipal ownership:
Niagara Falls, N. Y., becomes sole owner of its water systems n563

MUSCLE SHOALS

Commission report pending, and no power rights on Upper Tennessee will be granted n564
Congress debate likely to be unproductive e618
Impounding water discontinued in favor of navigation uses n322
Muscle Shoals Inquiry:
Report to President Coolidge.....n926
Majority and minority reports submitted n970
Report did not establish a definite policy e942

N

Nashville, Tenn., city engineering *173
Nassau County, New York, charter voted against n768
National Association of Building Trades Employers:
Construction conference to be held in Chicago n771
Outlook for 1926 discussed at Chicago meeting n891
National Crushed Stone Association to have an engineering bureau n612
National Distribution Conference:
Data on distribution, collection promoted e1017
National Drainage Congress:
Annual convention, change in plans proposed n890
National Foreign Trade Council, annual convention n76
National Industrial Advertisers Association, meeting n448, n772
National Museum of Engineering and History, fund of $1,000,000 raised.... n30
National Rivers and Harbors Congress:
Meeting, developments and asking aid of president n1011
Navigation Congress planned for 1926....n282
New Brunswick, N. J., city engineering.. *9
New England regional problems evidence looking ahead e823
New England Water Works Association:
Convention held on St. Lawrence River.. e453, n484
Meeting featured water treatment and quality. P. Hansen, E. S. Chase, H. W. Clark, and J. W. Armstrong.....a469
New Jersey Sanitary Association, symposium on water polution n970
New Jersey shore erosion studied by engineers 598
New Jersey Water Policy Commission appoints engineer n31
New London, Conn., city engineering *305
National Lumber Association:
Wood utilization committee, engineer appointed n1087

NEW YORK CITY

Engineers in city work ask pay increase n*321
Freight handling, joint inland station planned for Manhattan.....e291, 296
Gambling in buildings e1019
Garbage, refuse of New York on Jersey Shore e87
Population disappointment e980
Rapid transit:
Corona Line extension n*562
Subways:
Bids on one contract an illustration of frivolous bidding e494
Eighth Ave. subway, 37th St. to 23rd St., close bids received n972
Ft. Washington subway, one contract to Arthur McMullen Co. n563
Suburban deep subway from Westchester County proposed n157
Suburban transit:
Commuter's dream deluding e85
Water main breaks at congested corner of Fifth Avenue *463
Water tank collapse injuring two n319
West Side improvement:
Oil-electric locomotives to be used by New York Central e862, n925
New York Port Authority:
Hudson River bridge, action. (See Bridges, Hudson River or New York City.)

NEW YORK STATE

Engineering department terminated by vote on state reorganization amendment e739, n769
Garbage collection, special legislation for districts e165
Grade crossing elimination financing, amendment to state constitution passed n769
Home rule for cities declared invalid.. n77
Law upheld e413, n444
Life of structures for bond purposes defined 181
Public institution buildings financing, amendment to state constitution passed n769
Reforestation to autumn of 1925 1034
Newark, N. J., engineering department reorganized n527

NIAGARA FALLS

Recession of crest:
Corps of Engineers ready to serve on investigation n923
Prevention of recession, activity of Herbert Hoover n892
Regarding the recession of the brink, Herbert Hoover's advocating brings wide interest e331
Survey by Corps of Engineers, Lakes Division, description by Major DeW. C. Jones *636
Norcross, Paul, and Bowser, E. H. bodies found n116
Norcross, Paul H., tablet unveiled, in Georgia n814
Norfolk, Va., tidal flats reclaimed for residential property 11
Norman, M. E. sinking. (See Accidents.)
North Jersey Water Supply District:
Bayonne votes not to join n814

O

Observatories:
Greenland, West, magnetic observatory.. 510
Oil:
Pipe lines. (See Pipe lines.)
Ontario Hydro-Electric Commission:
Gaby, F. A., chief engineer, temporarily head of commission n362
McGrath, C. A., made head n484
Ontario hydro-electric power studied by Irish Government officials n769
Ore handling:
Tractors propel new ore bridge, New York Central docks at Ashtabula Harbor n*364

P

Paints:
Aluminum graphite paint makes durable surface (Joseph Dixon Crucible Co.)..n*735
Resistance characteristics e87
Spray painting helps to reduce costs. R. W. Tripp n*447
Paper, brown print paper, storage to preserve durability j28
Paper mills:
Inland Empire Paper Co. mill at Millwood, Wash., reconstruction. R. A. Huestis *1030
Manitoba to have mill at Fort Alexander..n155
Paris:
Garages underground, planned 515
Parking. (See Cities.)
Passaic Valley Sewerage Commission, New Jersey:
Delays in paying damages on 1924 judgment e901
Tierney case, incorrect information to bidders shown in case e455

PATENTS
Chuting patents, Callahan, contested by Concrete Appliances Co. and W. H. Insley, held invalid, design not invention n856, e901
Pneumatic handling devices patents upheld n443
Warren Paving Brothers patents, decision in case is state highway commission may be sued n195

PAVEMENTS
Asphaltic mastic filler. (See Paving, brick.)
Bituminous:
Chicago, Ill., heavy rolled asphalt pavement *640
Brick:
Marking stick for condemned brick. L. G. Howell *545
Columbus, Ohio, repair costs of asphalt pavements since 1888, e126. R. H. Simpson *140
Concrete:
Bituminous surface for concrete paving, Helena, Mont. T. Carmichael.. 672
Crowns, parabola and arc of circle compared. E. E. Bauer j*274
Gable section replaces crown section in paving at Middletown, Ohio. L. A. Waldner *757
Non-skid pavements, experiment at St. Louis n199
Resurfacing and oiling, discussed in Asphalt Association papers, e739. R. H. Simpson, B. C. Harvey, C. A. Paige, W. H. Woodward, and J. T. Bullen a758
Sidewalk construction record in Lynchburg, Va. *61
Small cities. (See Engineering in the small city.)
Widening and resurfacing salvage Chicago streets *838

PAVING
Brick:
Mastic filler, asphalt, for brick pavements developed in New Orleans. E. J. Kelley *266
British paving uses clinker and heat from refuse destructor 628
Chicago, Ill., paving of streets, concrete, current practice *1020

PENSTOCKS
Air valve with bronze float (Coffin Valve Co.) n*567
Moccasin Creek penstock for San Francisco water supply:
Bursting of penstock by excessive pressure rise n78
Damage estimated at $50,000.....n236
Further data on break e660, *666
Penstock wye, rigidity secured by simple design *189
(See Water supply, San Francisco. n78
White River plant, "fish mouth" connection for penstock for new unit.....*422

PHILADELPHIA, PA.
Bonds, large amounts for city work voted n485
Broad St. subway, contracts all let....n362
Sesqui-centennial Exposition:
Buildings under construction n118
Equipment exhibit to be included....n528
Photography:
Reflected sunlight, photographing engineering structures. H. G. Overholt..j*190

PIERS
Bremerton Navy Yard, pier under construction. F. L. Campbell and W. Rudolfs a553
Bridge piers. (See Bridge abutments and piers.)
Manila pier mammoth pile driver, American manufacturer. W. G. Schalscha (Union Iron Works) 174
Moving pier shed. (See Building moving.)
Ore pier at Superior, Wis., to be extended n156
San Francisco, new piers to be built by state of California n1646
Slipway built in Guatemala, instead of pier, for unloading ships by barges..*707

PILES AND PILEDRIVING
Concrete:
Jacketed piles on the Pacific Coast. F. G. White a420
Cutting piling under water—review of various methods. S. P. Baird.....j*601
Inclined-pile underpinning for special condition, Astor Building, New York City *916
Manila pier mammoth pile driver, American manufacturer. W. G. Schalscha (Union Iron Works) 174
Pipe piles, connecting sleeve is self-locking (Pierce Foundation Corp.) n*1014
Subaqueous pile driving at Portland, Ore. *53
Wooden piles badly broomed at splices..*263

PIPE AND PIPE LINES
Alberta, Canada, gas and oil 50-mile line to be built n322
Aqueducts. (See Aqueducts and Water mains.)
Burned clay, concrete and wood pipe for irrigation. R. K. Tiffany *419
Concrete:
Centrifugal concrete pipe (American Hume Concrete Pipe Co.)..... n34
Culvert pipe:
Highway Research Board will carry on investigation n309
Drainage pipe:
Alkalis affect cement-mortar drain tile. 585
Formulas for flow of water in pipe lines. (See Hydraulics.)
Gas-tight joint seal for C. I. Bell and spigot pipe (Kansas City Gas Co.)..n*239
Hangers:
Expansion shells, self-drilling, for suspending pipe hangers (Phillips Drill Co.) n*696
Lining:
Cement lining in wrought iron and steel pipe (Cement Lined Pipe Co.) n*653
Mokelumne River, California, water supply, electrically welded pipe, 85 miles, contracted for e785
Ordering scheme, for pipes and fittings, by drawings and chart j*809
Pipe pusher eliminates necessity of digging shallow trenches (Giant Mfg. Co.) n*735
Sacramento, Calif., pipe line, 36-in., in trench moved bodily by motor trucks.j*966
Seamless, flexible metal hose for construction use n*489
Sewer pipe:
Tests, crushing, inexpensive device. Hartford, Conn. A. Wells.....j*516
Tile block and concrete composite sewer pipe, tests made in California.*268
Steel:
Depreciation on slip-joint protected steel pipe. E. C. Eaton 603
Pipe shipped flat, then rolled and welded, for line in Oregon. C. A. P. Duffie *872
Tacoma, Wash., electrically welded water pipe, tests and experience results. W. A. Kunigk 1 968
Telegraph conduits of concrete used in Australia 554
Tulsa pipe line, venturi meter, more data. F. C. Scobey .....l 442
Water mains. (See Water mains.)
Welded pipe used to carry gas line over subway, Philadelphia j*964

PITTSBURGH, PA.
Bridge construction encounters much red tape 295
Pittsburgh University stadium frame part concrete and part steel *222
Pittsfield, Mass., city engineering *793
Plumb-bob may be quickly and accurately adjusted n*696
Pneumatic tools, balancer without counterweights (Chicago Pneumatic Tool Co.)..n*162
Pocatello, Idaho, city engineering.....*627
Poles:
Concrete telephone poles made by centrifugal process (Westinghouse Electric & Mfg. Co.) n403
Hole-boring and pole-pulling attachment for motor truck (Four Wheel Drive Auto Co.) n*402
Pontchartrain, Lake, land and shore development undertaken n525
Population estimates of largest cities.... 154
Portland, Maine:
Automobile parking control system ....*261.
Catchbasin with protected curb opening makes cleaner streets *513
City engineering *955
Portland, Ore.:
Channel dredging project, extensive, with four large dredges *982
Sea-wall, sewer and pumping plant project, no bids submitted n650

PORTS AND HARBORS
Calumet harbor ordinance passed n117
Hollywood, Fla., plans for harbor works.n399
London plans $20,000,000 port development 273
Mobile, Ala., asking bids for piers of new port development n925
Quebec harbor improvement, 20 million feet timber to come from Vancouver by way of Panama Canal 682
Quebec, Wolfe's Cove, contract for harbor work let n280
Toronto, large rail and water terminal to be built n1009
Vancouver, B. C., port facilities to include railway on north shore.....n971
Portsmouth, Va., city engineering.....*879
Power transmission, new short-center drive designed to prevent belt slip (Allis-Chalmers Manufacturing Co.) n*819

PUBLIC HEALTH
Colorado health board engineering division organized 539
County health officers, full-time service . e127
South Carolina, health engineering work reorganized n320

PUBLIC UTILITIES
Massachusetts telephone rate increase case e495
Seattle, Wash., annexation campaign and utilities services e207
State Utility Commissions seek federal power n688
Publicity in municipal improvements. (See Municipal engineering.)

PUMPS AND PUMPING
Centrifugal pumps:
Series of pumps of small size (Wilson-Snyder Manufacturing Co.) n*35
Fire protection, booster pump of low cost (De Laval Steam Turbine Co.).....n*488
Power head totally inclosed on deep well pump (American Well Works).....n*613
Correction n*652
Rules for installing well pumps, by Conference of State Sanitary Engineers.. 706
Vacuum pump for priming centrifugal pumps (Barrett, Haentjens & Co.)...*852
Valve control device eliminates water hammer (Chicago Valve & Hydrant Co.) n*200
Valves. (See Valves.)
Vicksburg, Miss., concrete pump pit sunk as open caisson. B. S. Nelson..*1078
Pyrometer, recording (Brown Instrument Co.) n*449

Q

Quarry, stone, enjoined in New York State..n650
Quebec, harbor improvement and terminals, work starts n890

R

Rail and water terminals. (See Railway terminals.)
Railroad gun transported to Pacific Coast n*1047
Railways cars:
Gages, varying on Portuguese and Spanish railways, cars adapted for more than one gage 501
Railway offices:
Santa Fé engineering quarters in new office building *464

RAILWAY SIGNALS AND TRAIN CONTROL
Automatic train control:
Progress on all roads n445
New York Central's large installation of automatic train-control contract let ..n283

RAILWAY STATIONS
Chicago Union Station opened n107
Concrete precast units, A. R. B. & B. A. paper a990
St. Paul Union Station, laying out track plan of passenger terminal *384

RAILWAY TERMINALS
Cleveland, Ohio, terminal:
Bridge approach approved n486
Progress on new Union terminal n196
Long Island City, N. Y., suburban terminal proposed n649
Rail and water terminals. (See River and rail terminals.)
Richmond, Va., rail and water terminal and channel improvement planned .. 515
St. Paul Union station, laying out track plan of passenger terminal *384
Southern Pacific building port terminal near Houston, Texas n117
Toronto, large rail and water terminals to be built n1009
Vancouver, B. C., port terminal to include connecting railway on north shore ..n971

RAILWAY TRACK AND TRACKWORK
Concrete precast units, A. R. B. & B. A. paper a990

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Gage:
Different gage Spanish and Portuguese railways, cars adapted to more than one gage 501
Rack-rail system for light railroads, in England 507
Rails:
Florida Western & Northern R.R., rapid tracklaying devices. S. P. Baird 1,114
Longer rails approved for American railways n816
Section beveled and material added to head in new type rail *593
Roadmasters Association at annual meeting discusses track work n692
Ties:
Concrete ties, experiment by Southern Pacific Ry. *708
Life of ties measured by new method developed by W. F. Goltra 1034
Metal ties and tieplates used in France 539
Spike holes, plastic filling for 625
Track:
Permanent type of railway track, proposed design by president of Pere Marquette R.R. *958
Track laying:
Self-propelling machine shifts and raises track (Nordberg Mfg. Co.) n*489
Underpass shifted on Boston & Maine R.R. j*601

RAILWAYS

Alabama to Kentucky railroad to be built by Florence Clifton & Paducah Railroad Co. n236
Alaska R.R. deficit reduced despite traffic loss n1010
Amaga Ry. extension in Colombia, S. A., difficult construction in Andes by American contractors *620
Atlantic Coast Line R.R. Co. plans lines in Florida n281, n692, n925
Australia:
Kyogle to South Brisbane, new railway 172*
Railway gages being changed 873
Black Butte cutoff construction authorized n688
Boston & Maine R.R. inaugurates novel bus service n157*
Boston & Maine R.R., underpass shifted without interruption to rail or highway traffic j*601
Canadian National Rys.:
Merger of Canadian Pacific proposed .. n79,
Rouyn gold fields to get railway extension n119
Thornton, Sir Henry, to continue as head n486
Central America, railroad construction n*198
Central Pacific Ry.:
Black Butte cutoff construction authorized n688
Merger with Canadian National Rys. proposed n79
Plans 40-mile in California and Oregon n29
Central R.R. of New Jersey continues steamboat operation to Sandy Hook..n236
Chicago & Northwestern Ry., Finley, W. H., retires from presidency n31
Chicago Great Western R.R.:
Howard succeeded Felton as head n814
China, railway system 751
Consolidation:
Plan of consolidation, some features opposed by Interstate Commerce Commission n1010
Detroit, Toledo & Ironton R.R., electrification n443
Electrification:
Central R.R. of New Jersey purchases oil-electric locomotives for Bronx terminal n*857
Detroit, Toledo and Ironton R.R. n443
Long Island R.R. purchases oil-electric locomotives n*857
Maine Central R.R., electrification study 304
Oil-electric locomotives for West Side, New York City e862, n925
Pennsylvania R.R. prepares for electrification to Wilmington n769
Ensley Southern R.R. to aid Warrior River barge line n116
Expenditures, class I railroads, near five billion dollars n34
Florida Western & Northern R.R., rapid tracklaying devices. S. P. Baird 114
French railway pierces Vosges Mountains 463
Grade crossing elimination. (See Grade crossing elimination.)
Great Northern Ry.:
Cascade Mountain tunnel, contract let n1046
Great Northern Ry. Financing branch in Montana n32
Montant branch, 50-mile, to be constructed n283
Greek railway to be built by Belgian companies 258
Maine Central R.R., electrification study 304
Manitoba, railway and town construction involved in opening of copper mine n1048
Michigan Central R.R.:
Niagara River cantilever bridge, unusual demolition work. H. Ibsen *1058
New York Central R.R.:
Automatic train control contract, large installation n283
Oil-electric locomotives for West Side, New York City e862, n925
Ore bridge, Ashtabula Harbor docks, tractor propulsion n*364
New York, New Haven & Hartford R.R. organizes a bus transportation company n30
New York, Pittsburgh & Chicago Air Line R.R., new railroad across Pennsylvania opposed n649
New Zealand, center rail incline 466
Norfolk & Western Ry. to lease Virginia railway n158
Northern Pacific Ry.:
Coal stripping by contract methods, Montana and Wyoming *887
Idaho line, Orofino to Headquarters, work started n971
Opens coal mine 263
Oklahoma & Rich Mountain Railroad Co. proposes railway in Oklahoma n729
Pennsylvania R.R.:
Atterbury succeeds Rea as president n610
Car-dumper for loading coal into ships, Sandusky, Ohio *907
Rea, Samuel, retires as president of Pennsylvania system n561
West Philadelphia, new terminal underground suburban station planned ..n359
Rock Island plans to build line from Kansas into Texas n561
Sanitary engineers e577
Seaboard Air Line Florida, new line being built *399
Miami extension assured n197
Seaboard-All Florida Railway Co. approved n804
South Georgia Ry. Co. plans railway in Florida n281
Southern Pacific Ry.:
Extensions in Texas n320
Natron cutoff to open in 1926 ..... n693
Port terminal near Houston, Texas ..n117
Sutter Basin branch line extension authorized n233
Suspension cable line for passenger transportation, Austria, Dr. R. Henker j*24
Swiss cable-incline railway 313
Union Pacific Ry. to double-track 25 miles in Utah n928
Valuation:
End of work near n322
Washington, D. C., belt line proposed ..n233

RAINFALL AND RUNOFF

Miami, Florida, 15 inches of rain in one day n928, n970
Probability methods of prediction number of cases of flood damage more significant than percentage of years. S. L. Moyer 174
Raleigh, N. C., city engineering *381
Rea, Samuel, retires as president of Pennsylvania system n*561
Reading, Pa., pavement cutting permits protect city against loss 96
Refuse. (See Garbage and refuse disposal.)

REGIONAL PLANNING

Chicago, Illinois, Regional Planning Association, traffic survey planned, and annual meeting discussing traffic, water, sewerage, zoning n650, n972
New England looks ahead in industrial and economic planning—at meeting at Worcester e823
San Francisco Bay counties plan regional development n*445
Reno, Nev., city engineering *225

RESERVOIRS

Calumet City, Ill., roofed reservoir and pipe tunnel for small water system .. *540
Covering reservoirs of water supply of Naeogdoches, Tex., improves water supply 757
Hudson River Regulating Districts, Sacandaga reservoir, attempts by railroad to enjoin construction n155
Sea gulls make covering of reservoirs in San Francisco necessary e739, a764
Sounding bottle for taking samples of water in reservoirs j*1083
Waterweed in open shallow reservoir, Australian method of removal. E. G. Ritchie *638
Whitestone reservoir, in Washington, leaks under Horse Springs Coulee earth dam may be sealed n361, n1046
Rheims Cathedral, roof reconstructed in reinforced concrete 217
Richmond, Va., rail and water terminal and channel improvement planned 515
Sewer of 29-ft. section, arch type, construction *996

RIVER AND RAIL TERMINALS

Southern Pacific building post terminal near Houston, Texas n117
River erosion and protection.
Missouri River:
Dikes, pile, protect river from erosion, F. Y. Parker j*519

RIVER IMPROVEMENTS

East River, New York, deepening by special drill outfit n*773
Platte River diversion near Denver, Colo. n972
Rio Grande:
Channel improvement of Rio Grande below El Paso e369, S. Arroyo ...*374
River regulation:
Arkansas River, four states propose to regulate n563

RIVERS

Arkansas River, four states propose to regulate n563
Black and St. Francis, River Commission, Missouri appointed n76
Chicago River, straightening discussed ..n487
Colorado River:
Arizona, California and Nevada confer on river rights n1045
Compact. (See Interstate water compacts.)
Silt and channel conditions in river delta, S. L. Rothery *1068
Compact. (See Interstate water compacts.)
Grand River, Oklahoma, laying conduit for Spavinaw water supply project for Tulsa, Okla., W. R. Holway *168, e206
Gros Ventre River, dammed by landslide n*116
Little River, Missouri, additional drainage works in district, E. S. Blaine *496
Mississippi:
Upper Mississippi, improvements studied by Corps of Engineers n1047
Missouri River:
Pile dikes protect from erosion, F. Y. Parker j*519
Niagara River:
Falls of Niagara River are receding, survey shows *636
(See Niagara Falls, recession of crest.)
Platte River diversion near Denver, Colo. n972
Right-of-way over bridges in transportation by custom e165
Rio Grande:
Channel improvement of Rio Grande below El Paso e369, S. Arroyo ...*374
Desilting effect on cutting power of stream, H. Stabler and L. M. Lawson 1968
Storage, effect on river erosion and deposition e369, L. M. Lawson....*372
St. Lawrence River,
Joint Engineering Board:
Viele, Blackwell & Buck retained as consulting engineers n158
Investigation work pushed rapidly n564
Sluice gates, stony, investigation of dimensions and weights, E. W. Lane j*1082
Oil forge made so that rivets can be seen by operator (Johnston Mfg. Co.)..n*1013
Warrior River barge line, railroad to be bought to aid line n116
White River, at Indianapolis, Ind., flood protection works, progress *213

RIVETS AND RIVETING

Alloy steel is material of new riveting apparatus (Ingersoll-Rand Co.) ...n*325
Countersunk rivets as strong as button-head in tests made at University of Wisconsin 1023
Heaters, electric, for riveting in structural work (American Hoist & Derrick Co.) n*239
Road show:
Equipment and exhibit space n*856
(See American Road Builders' Association.)
Road Show, Western. (See All-Western Road Show.)
Roadmaster and Maintenance-of-Way Association, meeting n692
Rochester, N. Y., city manager project affected by court decision n157
Rock crushers:
Rock crusher concrete pit structure, Leroy, N. Y., subjected to diverse stresses. A. E. Wynn *762
Crushing plant, portable, with portable stone bin. (Good Roads Machinery Co.) n*403
Rockford, Ill., city engineering *587
Roofing, corrugated, fits ridge of building (Milwaukee Corrugating Co.) *201
Roofing. (See Building construction.)

S

Safety Congress, annual meeting at Cleveland announced n80
St. Cloud, Minn., city engineering *871
St. Louis, Mo.:
Zoning law, new n283
St. Paul, Minn.:
Water consumption and costs in 1924..1041
High dam creates sewage problem at Twin Cities n398
Union Station. (See Railway stations.)
San Diego, Calif., water front zoning, M. A. Graham a226

SAN FRANCISCO, CALIF.:

Vehicular subway under Market St. *548
San Francisco Bay, bridge situation outlined *178
San Francisco Bay counties plan regional development n*445
San Joaquin County farmers fined for flooding highway 478

SANITARY DISTRICTS:

Bloomington and Normal, Ill., sanitary district established by vote in election n814
Michigan authorizes organization of sanitary districts in unincorporated municipalities 331
Sanitation:
Great Lakes region sanitation discussed by engineers n1008
Santa Barbara, Calif., earthquake n29, e46, H. D. Dewell *68
Building damage—second report, details of earthquake, principles of earthquake action, and features of resistance in building design. H. D. Dewell *149
Engineers, Col. C. S. Smith, A. C. Martin, M. B. Reilly and J. K. Moore, discuss earthquake effects and building *228

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

San Francisco Section of Am. Soc. C. E. discuss experiences and cautions 271
Structural behavior. H. M. Hadley .. j358
H. D. Dewell 1560
Utilities, damage described *146
Santa Monica, Calif.:
City engineering *511
Street viaduct, column and beam, construction in building on retaining wall *427
Saw, hand, uses an electric motor (Crowe Manufacturing Corp.) n*239
Schlesinger, G. S., made highway head in Ohio n321
Seattle, Wash.:
Annexation campaign and utilities services e207
Sanitary fills carry houses and pavements 11
Seawall built to retain Rincon Cliffs Highway, California. H. D. Miller *720
Seawall, Harrison County, Miss., contest over bid and attempt to halt work n281

SEWAGE

Instrument for recording flow of sewage, Pasadena asks experience of other cities. R. V. Orbison 1924

SEWAGE DISPOSAL

Holdredge, Neb., sewage disposal for city of 3,000. F. M. Veatch *589
Minneapolis and St. Paul, Minn., sewage disposal problem created by high dam on Mississippi River n398
Sludge, utilization, progress in several cities and districts. A. P. H. A. and A. S. M. I., committee report a836, e861

SEWAGE TREATMENT

Achorütes viaticus die at Singapore ... 921
Activated sludge:
Boat for sludge, Glasgow 67
Elyria, Ohio, activated sludge process advised 673
Macclesfield, England, small activated-sludge plant 880
Milwaukee sewage disposal plant opened n75
Minnesota, first plant in state, bids for n444
Tri-Cities' activated sludge plant at Alhambra, Calif. 714
American developments, notes on screens, tanks, sludge, filters. K. Imhoff *180
Beds:
Slag placed on beds by belt conveyor, East Sparta plant for Canton, Ohio j*518
Canton, Ohio, plant at East Sparta, slag placed on beds by belt conveyor ...j*518
Imhoff tanks:
Fort Worth, Texas, Imhoff tank units, breaks in sloping bottoms. John B. Hawley *54
Discussion. T. R. Camp and C. P. Lewis j*482
Gases, unusual, occurring in Imhoff tanks, Plainfield, N. J., tests. F. L. Campbell and W. Rudolfs a552
New Haven, Connecticut, sewage-works and changes in sewer outlets recommended n610
Sludge utilization, progress in several cities and districts. A. P. H. A. and A. S. M. I. committee reports ...a836, e861
Walla Walla, Wash., to have sewage treatment report by Pearse, Greely and Hansen n890

SEWAGE-WORKS

American developments, notes from Indianapolis, Milwaukee, Chicago, Decatur, Hartford, Wis. K. Imhoff .. *180
Brooklyn, N. Y., 26th Ward sewage-works, rebuilding *864, e900
Cleveland, Ohio, invited bids for sewage-works n609
Fort Worth Imhoff Tank accident, water hammer responsible. H. L. Thackwell 1278
(See Sewage treatment, Imhoff tanks.)
Imhoff tank accident in South Carolina similar to Fort Worth explosion. McK. Maffitt 1278
Laramie, Wyo., intercepting sewers and disposal plant. F. M. Veatch *794
Milwaukee, Wis., activated-sludge disposal plant opened n75
Pumping station, Eveleth, Minn. H. A. Robinson *227
Stellenbosch, South Africa, new sewage-works 1037

SEWERAGE

New Jersey Sanitary Association holds symposium on pollution of New Jersey waterways from sewage and other wastes n970
Passaic Valley Sewerage Commission, New Jersey:
Delays in paying damaged on 1924 judgment e901
Tierney case, information to bidders should be correct e455
Pitometer measurement of sewage flow, Springfield, Mass. A. L. Shaw j*518, 1647

SEWERS

Brooklyn, N. Y., Flatbush relief outfall, hydraulic machine bends reinforcing steel j*1082
Catchbasins, cleaning costs, Rockford, Ill. 97
Cleaning ball dislodged from outlet sewer, Laconia, N. H. C. A. French 10
Concrete placing on bell-and-spigot and plain clay tile sewer pipe, Canada and Washington, D. C. e2. A. G. Dalzell .. *20
Design:
Clay tile pipe, bell-and-spigot and plain, design and construction, Canada and Washington, D. C. e2. A. G. Dalzell *20
Concrete sewer pipe, flush joint truly aligned. F. H. Sherrerd j*232
East St. Louis, Ill., enlarged sewer system needed *260
Flow of sewage in sewers measured by pitometer, Springfield, Mass. A. L. Shaw j*518, 1647
Kutter's n, determination from tests in 15-in. and 18-in. pipe sewers, Cambridge, Mass. C. W. Sherman 434
Laramie, Wyo., intercepting sewers and disposal plant. F. M. Veatch *794
Los Angeles outfall sewer:
Open sea construction of a concrete pipe sewer outlet. H. A. Van Norman *292
Maintenance equipment, for sewer work, at Milwaukee, mounted on trailer, developed by Milwaukee Sewerage Commission n*1050
New London, Conn., river current and tidal flow studies determine sewer outfall position 175
Pipe. (See Pipe and pipe lines.)
Richmond, Va., arch sewer, 29 ft., construction *996
Russia, laying and jointing sewer pipe, H. A. Seydenbach 1850
Singapore, construction of pipe sewers, A. G. Dalzell 1044
T-branches rather than Y's for sanitary sewer connections. A. Potter 1043
Tests:
Tile block and concrete composite sewer pipe, tests made in California. R. E. Davis *268
Waltham, Mass., mileage of sewers and house connections 721
Water hammer splits 36-in. sewer outlet at Paducah, Ky. a829
Shades. (See Window shades.)
"Shenandoah," U. S. navy dirigible, destroyed by storm. (See Accidents.)
Shore erosion:
New Jersey engineers study shore erosion and protection 598
Shores:
Adjustable shores (Symons Clamp & Mfg. Co.) n*34

SHOVELS

Crane-shovel, convertible ½-yd. revolving (Harnischfeger Corp.) n*365
Crawler steam shovel, new heavy construction (Marion Steam Shovel Co.) n*448
Earthroad maintenance in Georgia, shovel important el. B. H. Piepmeier *12
(See Excavating machinery.)
Skimmer scoop full-revolving shovel of new type (Star Drilling Machine Co.). n*1091
Signs:
Construction jobs, danger signs j*192
Highway signs. (See Highway signs.)

SILTATION

Colorado River, silt and channel conditions in river delta. S. L. Rothery.. *1068
Cutting power of streams, is it affected by desilting? H. Stabler and L. M. Lawson 1968
Rio Grande, siltation. (See Rivers, Rio Grande.)
Slab design. (See Building design, concrete.)
Slate:
Structural slate with permanent colored finish (Structural Slate Co.) n652
Sled for heavy duty n*605
Slipway structure instead of piers for unloading ships by barges, Guatemala, Central America *707
Sluice gates, stony, weight for various dimensions. E. W. Lane j*1082

SNOW REMOVAL

Deep-snow machine, Snow-motor, adapted by use of Fordson accessory (J. S. Innes) n*1091
Drift prevention and control on highways, Michigan e617. V. R. Burton .. *752
Loading and bucket elevating machine, (N. P. Nelson Iron Works) n*1013
Snow plows:
Rotary snow plow for highway use (C. D. Edwards Mfg. Co.) n*695

SOCIETY FOR PROMOTION OF ENGINEERING EDUCATION

Annual meeting at Schenectady 14
Soil Mechanics (Terzaghi). (See Foundations.)
Sounding bottle for taking samples of water in reservoirs *1083
South America, British trade status n974
Southern Pine sales group's co-operation plan n930
Southwest water-works convention in Tulsa, Okla. n528

STADIUMS

Marinette, Wis., bleachers at Lauerman Field, precast risers used in building reinforced-concrete bleachers. D. G. Moon j*602
Pittsburgh University stadium frame part concrete and part steel *222
Texas University stadium, construction notes. A. T. Granger *557

Standpipes:

Michigan State Industrial School standpipe leaning corrected j811

STEEL AND STEELWORK

American Institute of Steel Construction discussed larger markets and better methods for structural steel 844
Bidding plans for structural steelwork defined by Structural Steel Board of Trade 667
Errors more or less common in steelwork designing. R. Fleming 501
High strength steel:
Fabricating cost of high-strength steel exceeding that of ordinary steel, Germany 878
Strength of steel, testing characteristics e87
Stress repetition and fatigue in steel structures. H. F. Moore 376
Structural Steel Board of Trade formed by fabricators n402
Stevens, John F., statue on crest of Continental Divide n*197
Stevens, John F., monument at Marias Pass. e413, E. F. Flynn 428
Correction 500

STREETS

Cleaning:
Cincinnati, street cleaning costs *383
Rockford, Ill., keeping streets clean at a cost of 50c per 1,000 yd. 842
Roosevelt Road, Chicago, a viaduct is built of reinforced concrete and encased steel *297
South Water St., Chicago, double-deck street:
Construction methods *682
Design and structure e617. *632
Traffic systematized and signals obeyed in Los Angeles e700
Strength of materials. (See Materials; steel, etc.)

STRESSES

American Society of Civil Engineers, Structural Division discusses working stresses e784. n813
Bridge columns. (See Bridge design.)
Philadelphia Section of American Society of Civil Engineers discuss working stresses e784. n813
(See Building design; Steel; Structural design.)

STRUCTURAL DESIGN

Angles:
Stiffener angles, bearing design. A. W. A. Eden j*26
Earthquake resistance. (See Building design, Japan, Santa Barbara.) R. F. Moss 183
Live-loads for building design, standards recommended by U. S. Department of Commerce 214
Stresses in framework of buildings, tentative proposals, U. S. Department of Commerce 215
Structural steel:
Fabricators co-operation with engineers in New York e578
Structural Steel Board of Trade:
Bidding plans for structural steelwork defined 667
Fabricators discuss bidding methods n562
Organization by fabricators n402
Structures:
Life of structures defined for bond issues, New York State 181

SUBWAYS

New York City. (See New York City.)
San Francisco, Calif., vehicular subway under Market St. *548
Surge chambers. (See Hydro-electric power, plants.)

SURVEYING INSTRUMENTS

Levels:
Precise level has only one adjustment n*528
Vest-pocket size, for use on line or surface leveling (E. A. Stevens.) *695
Protractor for laying out angles by the tangent method. W. C. Reisner.... j*1083
Tapes, nickel-steel (Invar), for accurate surveys (R. Y. Ferner Co., agents of Swiss manufacturer) n*1013
Tapes, 300- and 500-ft. for survey traversing. H. Rubey *1024
Transits:
Precision transit of sturdy construction (Warren-Knight Co.) n*403
Reconnaissance transit, light-weight (W. & L. E. Gurley) n*238
Strongly built transit (A. Lietz Co.) ..n*735
Aerial surveying:
Brock method, patent claim of A. C. Voris and discussion. C. B. Adams, J. E. Fechet and F. E. Weymout ..1482

SURVEYS AND SURVEYING

Alaska, airplane survey planned 106
Azimuths and centers different, stations adjusted to them. L. F. Hammond j604
Datum planes—their determination for engineering uses. H. A. Marmer *98
Grade stake, scale for setting. L. F. Walker j*276
Meridian and latitude determination. H. R. Ward j*25
Monterey, Calif., country club, costs of land subdivision survey. R. Conover *544
Providence, R. I., tunnel, survey control in driving tunnel *594
Tapes, 300- and 500-ft. for survey traversing. H. Rubey *1024
Woodland, rolling, contouring 60 acres. S. P. Baird j809
Switch, electric, new safety design (Westinghouse Electric & Mfg. Co.) n*613
Switch, magnetic, inclosed in weatherproof case, for valve control use (General Electric Co.) n*1090

T

Tablets:
Miami Conservancy District, concrete memorial tablet construction. J. K. Grannis *300

Tanks:
Car tanks of bituminous material for highway work, checking quantities by formula. H. J. Kirk j*274
Gas tanks. (See Gasholders.)
New York City, water tank collapses injuring two n319

TAXATION
Gasoline tax:
Sixty million dollars in six months in United States 706
Income tax:
Employees of municipal utilities exempt from income tax n198
Metcalf & Eddy case, action needed before Supreme Court hearing e533
Metcalf & Eddy income tax appeal, hearing, Nov. 30 ..... n688, n928
Publication of income tax payment lists does not indicate engineering as highly paid work e413
Teredo. (See Marine borers.)
Terra cotta. (See Building materials.)
Texas highway controversy, facts of the situation. J. M. Howe 1032
Textile mill. (See Buildings, industrial.)
Theater curtains, tests indicate safety requirements (U. S. Bureau of Standards). 51
Tile:
Double-walled load-bearing tile, "Nacto" (National Fire Proofing Co.) n*402
Double-web hollow tile blocks interchangeable with brick (Heath Cube Service, Inc.) n*858
Hollow tile:
Chicago, Ill., contest between brick and hollow tile interests e3
Credit to A. A. E. W. Arting-stall ..... l 113
Town in Quebec to make way for reservoir 268

TRACTORS
Creeper-tread tractor (Haiss-Fordson), n*325
Draw-bar pull, high, developed by crawler tractor (Cleveland Tractor Co.) n*653
Flexibility is feature of 5-ton crawler tractor (Mead-Morrison Mfg. Co.) .n*653
Governor for Fordson tractor (Wehr Co.) n*449
Trade Associations (Maple Flooring and Cement Manufacturers' Protective) cases closed by U. S. Supreme Court n694
Trade associations. National Distribution Conference promotes collection of distribution data e1017
Trade associations—their activities and problems discussed by Academy of Political Science n772

TRAFFIC
Illinois, comprehensive survey of traffic to be made n1046
Washington, D. C., traffic control by engineering director, not by police...e1018
Transits. (See Surveying instruments.)
Transportation:
District of Columbia, transportation survey being made 721
Yale University survey finds no demand for college men n927
Trinity Church, New York City, underpinning with pipe piles. H. De B Parsons..*668
Trucks:
Electric lift truck for stacking material (Crescent Truck Co.) n*567
Motor. (See Motor trucks.)
Trusses:
Seaman's Bank Building, New York City, old combination trusses unusual....*1029

TUNNELS AND TUNNELING
Carbon monoxide recorder. (See Tunnels, Liberty.)
Cascade Mountain tunnel for Great Northern Ry., contract let n1046
Cascade Tunnel Association formed in Seattle n607
Detroit River tunnel proposed n815
Duluth, Minn., tunnel to Superior planned n77
Holland vehicle tunnel under Hudson River.
Granite paving, methods followed and filler *726
Lining procedure, concrete and tile forms used *902
New Jersey arterial road, new route recommended *94
New Jersey ventilating shaft, well-drilling methods used in sinking foundation piers 106
Irrigation tunnel, North Platte reclamation project, constructed in earth and hard clay j393
Japan, Tanna tunnel for Japanese railways, construction difficulties ...e330, K. Kusuda *336
Liberty tunnel, recorder for continuous record of carbon monoxide in tunnels. A. C. Fieldner, S. H. Katz and E. G. Meiter *423
Mersey tunnel project in England 765
Moffat:
Keays, R. H., resigns as chief engineer n319
Ventilation system, bulkhead with double doors j*28
Norway, rock tunneling costs, machine and hand labor. E. Moe j*26
Correction j395
Oak Grove, Calif., hydro-electric power tunnel and surge chamber, rock reinforced by grouting *746
Pit River No. 3 tunnel, lining tunnel using pneumatic concrete guns .e125, *128
Price paramount in giving tunneling contracts e617
Providence, R. I., tunnel, survey control in driving tunnel. R. R. Bradbury ..*594
Shimizu tunnel on Japanese railways, construction. Y. Hashimoto *171
Steel forms on tunnel curves, Amaga Ry. in Colombia and elsewhere *621
Blaw-Knox Co. ..... l 812
Vehicular:
Duluth. (See Tunnels, Duluth.)
Holland. (See Tunnels, Holland.)
San Francisco. (See San Francisco.)
Wanaque tunnel for North Jersey water supply construction *460
Turbines:
English hydraulic turbine of new design. F. Johnstone-Taylor *72

TYPHOID FEVER
Increase in cases in United States in 1924 ..... e289
Public Health Service investigation of cross-connections and typhoid e166
Sources that are known are only 60 per cent 1063

U

Underpinning:
Trinity Church, New York City, underpinning with pipe piles. H. De B. Parsons *668
United Engineering Society:
Colors of 24th Engineers transferred from United States government to custody of engineering society n971
War Secretary Davis and Assistant Secretary MacNider address societies on industrial preparedness n971
U. S. Bureau of Mines:
Turner, Scott, appointed director n769

U. S. BUREAU OF RECLAMATION
Columbia Basin project, report by Dr. Mead and Edward is against development e494 a502
Crops and repayments, 1925 report ...n195
Dams for reclamation projects, construction progress 727
Landholder payments, policy stated ...n197
New reclamation projects, progress delayed by unfavorable local conditions 639
Reports of Dr. Mead and Secretary Work are a discouraging showing e981
Settler selection plan, put in force, will reduce gamble in reclamation e534
Williston, N. D., irrigation project sale authorized by Congress n564
Project sold by United States..e981 n1010

U. S. BUREAU OF STANDARDS
Alumina cement concrete, tests show water control important. P. H. Bates 462
Cement research in co-operation with Portland Cement Association e453
Concrete made with crushed limestone and tile waste 139
Duralumin tests, testimony by L. B. Tuckerman on deterioration, before "Shenandoah" court inquiry..e979, a1000
Legislation it proposes is out of its element e861
Questions regarding projects and general policy n401
Theatre curtain tests indicate safety requirements 51
Zoning, research, out of its element. E. M. Bassett ..... l 1084
United States Chamber of Commerce, Coolidge, President, speech in New York. e863, 899
U. S. Geological Survey:
Field divisions, three, replace leasing division n608
Water power and water resources investigations, preliminary engineering work of the Survey on river flow and geological conditions. ... e825, B. E. Jones 830
U. S. Government:
Commerce Department:
Live-loads for building designs: recommended standards 214
Working stresses in framework of buildings: tentative proposals 215
Utilities. (See Public utilities.)

V

Valves:
Installation and care, practical hints (Kennedy Valve Mfg. Co.) n1050
Medium pressure valves have new features (Jenkins Bros.) n*819
Venturi meters:
Tulsa pipe line, venturi meter, more data. F. C. Scobey ..... l 442
Viaducts:
Roosevelt Road, Chicago. (See Chicago; and Streets.)
Santa Monica, Calif., street built on retaining wall, with columns and beam construction *427
South Water St., Chicago, Ill., double-deck street, construction, design and structure e617, *632, *662

W

War camp suits. (See Contractors.)
Ward method of meridian and latitude determination. H. R. Ward *25
Method now found inapplicable. D. J. Poe and H. R. Ward ..... l 606
Warrior River barge line, railroad to be bought to aid n116

WASHINGTON, D. C.
Belt line railroad proposed n233
Public Buildings and Parks Department, administration by Col. Sherrill attacked n156
Traffic control by engineering director, not by police e1018
Water supply, nine-mile aqueduct, construction *88
Zoning law n117
Water-level recorder (W. & L. E Gurley) n*80

WATER MAINS
Aberdeen, Scotland, cement-mortar lining used for metal portions of aqueduct.. 984
Break of water main in bed of Raccoon Creek, Indiana 132
Iron bacteria and water-pipe incrustation studied in England 640
Leakage tests of cast-iron force main at Columbus, Ohio. J. C. Prior *870
Lowell, Mass., half of service pipes changed within 52 years 1041
Philadelphia, Pa., large water main breaks n1010
Pompeiians laid water mains on both sides of the street. M. M. O'Shaughnessy ..... l 850
Temperatures, low, withstood by exposed cast-iron mains, Whitehall, N. Y. e329, J. P. Wells *345
Two water mains in wide streets, proposal and discussion. Proposal, T. F. Wolfe, discussion by many engineers e331, *332
Additional comments by several engineers ..... l 522
C. M. Saville ..... l *646
Pompeiians laid water mains on both sides of the street. M. M. O'Shaughnessy ..... l 850
Why water mains burst, Rossiter Johnson's letter to *New York Times* and comments by B. C. Little e329, 340
H. F. Durham ..... l 646
Wood-stave pipe line for Everett, Wash., water supply, freezing reduces capacity of pipe 1077

WATER METERS
Accuracy of meters after long service, San Jose, Calif. 881
Chicago adopts meters n398, n443
Chicago sidesteps meter problem n196
Chicago talking meters in 1875 and still talking about them e205
Minneapolis, Minn., meter contract award disapproved by city council n32
Sacramento, Calif., water supply, wastage of water high due to lack of metering 957
Welded headers found too rigid for meter banks by Spring Valley Water Co., California *881

WATER POLLUTION
Coal mine operators, in Pennsylvania stream pollution case, refused time extension n331
Interstate streams, control of pollution . 357
New Jersey Sanitary Association, symposium on water pollution n970
Wisconsin supreme court enjoins stream pollution. W. F. Copeland 390

WATER PURIFICATION
Chlorination:
Injector type of chlorinator, 750 lb. daily capacity (Paradon Engineering Co.) n*365
Filtration:
Gages, electrically operated, devised at Sacramento. H. N. Jenks *346
Iodization:
Ilkeston and Heanor, England 380
Iodides, use in water supplies to prevent simple goiter. A. F. Mellen .. 352
Iron removal:
Water softening, turbidity and iron-removal plant, Springfield, Ill. C. S. Timanus a389
Softening plant at Newark, Ohio. C. T. Kaiser *174
Water rates:
New York Interurban Water Co. ordered to refund water rates n281

WATER RESOURCES
Chicago diversion from Great Lakes. (See Chicago diversion of water from the Great Lakes.)
New Jersey Water Policy Commission appoints engineer n31
Niagara diversion of water within the law e493, 524
Survey of water resources of the country, by what body should it be made? e825.
U. S. Geological Survey's methods in preliminary survey of flow of rivers and of geological conditions, for power and irrigation and other purposes. B. E. Jones 830

WATER SUPPLY
Boston Metropolitan District, and Worcester, large additional water supply recommended n925, e943, 944, e980
California, legislation on water supply studies n157
Calumet City, Ill., roofed reservoir and pipe tunnel for small water system .*540
Chicago suburban district, 21 towns north of city, water supply company formed. n76
Chicago, Ill., suburban water supply plan n1008
District water supplies, how to plan—example, New Jersey Metropolitan District plan, advocated by Clemens Herschel e414, 436
A. H. Pratt ..... l 560

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

East Bay District, California:
Mokelumne River project:
Contracts let for gravity supply system, awards total $11,751,427. ..... n608
Pipe line, electrically welded pipe, 85 miles contracted for e785
Water case before Federal Power Commission n851
Water supply plans taking shape n32
Fire reserve, storage to solve problem.. a93
Ground water, quantity production from wells in sand, gravel wall and screens versus sand wall. J. G. Gordon *188
Ground-water supplies, code of principles of sanitary control, by Conference of State Sanitary Engineers a626
Illinois roadside water supply, safe-water signs j811
Iodides, use to prevent goiter. (See Water purification.)
Kentucky health board rates water supplies in the state 957
Los Angeles, Calif.
Aqueduct flow interrupted by slides n235
Colorado River aqueduct, survey started n925
Metering:
One hundred per cent metering of small town water supply, does it pay? a589
(See Water meters.)
Moccasin Creek penstock. (See Water supply, San Francisco, Hetchy Hetchy project.)
Mokelumne River. (See Water supply, East Bay District, Calif.) n608
Montgomery, Ala., water supply from filters, small wells, large wells. W. A. Cone *216
Nacogdoches, Tex., covering of reservoirs improves water supply 757
National Forest areas, sanitary protection of watersheds. J. B. Marcellus, L. H. Williamson, R. Messer, and L. F. Knopf ..... l 113
New Jersey Metropolitan District plan, advocated by Clemens Herschel .e414, 436
A. H. Pratt ..... l 560
New Jersey, northern district:
Wanaque dam, construction and use of belt conveyors e127, *252
Wanaque tunnel, construction *460
Old water supply. (See Water supply, Tiverton.)
Providence, R. I., tunnel, survey control in driving tunnel. R. R. Bradbury *594
Rochester, N. Y., water survey, progress, ... n1087
Sacramento, Calif., high wastage of water due to lack of meters 957
San Francisco:
Hetch Hetchy project:
Moccasin Creek penstock burst by excessive pressure rise n78
Damage estimated at $50,000 ..n236
Further data on break....e660, *666
Moccasin Creek penstock wye, rigidity secured by simple design *189
Spavinaw project. (See Water supply, Tulsa, Okla.)
Tiverton, England, public water supply dating from 1250 344
Tulsa, Okla., Spavinaw project:
Grand River crossing for conduit, use of cofferdams. W. R. Holway *168, e206
Vancouver, B. C., plans for an improved water supply n927
Washington, D. C., nine-mile aqueduct, construction *88
Wells supply Montgomery, Ala., water. W. A. Cone *216
Whitehall, N. Y., new gravity water supply—cast-iron mains exposed to low temperatures. .....e329. J. P. Wells, *344
Water tower, New York, collapse n*361

WATER-WORKS
Bond issue, a professional responsibility of engineers e329
Filters. (See Water purification.)
Income tax of municipal water-works employes Government function is water supply as other municipal functions .e251
Mains. (See Water Mains.)
Niagara Falls, N. Y., becomes sole owner of water systems n563
Reservoirs. (See Reservoirs.)
Rochester, Minn.; water tank tower houses pumps *338
St. Paul, Minn., consumption and costs of water in 1924 1023
Tower for water tank houses pumps, Rochester, Minn. *338
Vicksburg, Miss., concrete pump pit sunk as open caisson. B. S. Nelson..... *1078
Worms cause trouble in water supply of a New York State village 542
York, Pa., pumping station improvements. F. G. Cunningham 135

WATERWAYS
Columbia River at Portland, Ore., channel dredging project, extensive, with four large dredges *982
Great Lakes, diversion of water by Chicago. (See Chicago diversion of water from Great Lakes.)
Great Lakes-to-Hudson waterway, routes proposed n158
High water line of tidal waterways defined by Attorney General of New York State n731
C. H. ..... l 812
Mississippi and Warrior Rivers get $2,000,000 for waterways work and equipment n1010
Warrior and Mississippi Rivers get $2,000,000 for waterways work and equipment n1010
Waterweed in reservoirs. (See Reservoirs.)
Waterwheels. (See Turbines.)

WELDING
Acetylene generator for low pressure welding, portable (Oxweld Acetylene Co.) n*365
Applications of portable arc welders (Lincoln Electric Co.) n*201
Bronze welding procedure for cast-iron pipe n566
Electric motor steel shapes molded instead of cast (Lincoln Electric Co.) n*238
Gas line carried over subway, Philadelphia, by use of welded pipe j*964
Mokelumne River water supply for East Bay District, California, electrically welded pipe, 85 miles contracted for e785
Oregon pipe line, steel shipped flat then rolled and welded. C. A. P. Duffie .*873
Tacoma, Wash., electrically welded water pipe; tests and experience results. W. A. Kunigk ..... l 968
Torch, low pressure (A. Milburn Co.) n*201
Wells:
Peoria paper mill, water supply wells, removal of sand j811
Westchester County, New York, charter voted against n769
Western Road Show:
Exhibit space sold out n694
Western Society of Engineers:
Employment service started n730
"Free" engineering, scope defined 52
North Side activated sludge plant inspection trip n361
Wilson, J. W., former chief engineer of Southern Ry., tablet set in honor n*649
Wind pressure, model tests to show pressure on high buildings 1063
Window shades:
Ventilation not retarded by industrial window shade (Wm. Blanchard Co.) n*403
Wood preservation:
Paint that adheres to creosoted wood (Jennison-Wright Co.) n*201
Woonsocket, R. I., city engineering *717
Worcester Polytechnic Institute, Capt. R. Earle, president n689
World Power Conference:
Permanent organization n444
